re- (see *Pronunciation, **Hyphen, below), pref. f. L *re-*, *red-*, again, back, un-. *Re-* both forms part of large numbers of already compounded words borrowed f. L or Rom., & is treated as a living pref. In the latter capacity it may be prefixed for the occasion to any vb or vbl derivative; this is esp. common in such phrr. as *traverse & re-traverse* = traverse again & again, *reckoning & re-reckoning*, *translation & re-translation*; but many vbs &c. that originated as nonce-wds have become established, often with restriction to one or some only of the simple word's senses; the more common or important words of this class, & others whose simplicity of meaning allows them to be grouped with it, are given with any necessary information under senses 8, 9, below. Those senses are the simple ones, found also in many of the wds compounded before being adopted by E; but in others of the pre-E compds the sense of the pref. has been so developed as to be obscure or unrecognizable, & senses 1-7 are given as a rough classification.

*Pronunciation:—*rē* in all wds (esp. all given under senses 8, 9) that are historically, or are capable of being taken for, simple modifications of existing E wds by one of those senses (even when a similarly spelt compd exists in senses not capable of being so regarded; so *re-cover* = cover again, cf. *RECOVER*¹, *récount* = count again, cf. *RECOUNT*¹, *récreation* second or new creation, cf. *recreation* in *RECREATE*¹); *rē* before vowels, and before h (exc. in *rehearse*); *rē* also in *reflex*, *regress* n., *rescript*, *retail* n.; *rē* also in *recalcise*, *recrudescence*, *regulate*, & their deriv., & *recantation*, *retardation*, *retraction*, *retractility*: elsewhere, *ri* when the next syllable bears the word-accent (*reflect*, *repository*), & otherwise *rē* (*recollect*, *revocable*).

**Hyphen:—The hyphen is often used when a writer wishes to mark the fact that he is using not a well-known compd vb, but *re-* as a living prefix (senses 8, 9) attached to a simple vb (*re-pair* = pair again, cf. *repair* mend); also usu. before e (*re-emerge*), & sometimes before

other vowels (*re-assure*, usu. *reassure*); also when the idea of repetition is to be emphasized, esp. in such phrr. as *make & re-make*.
