and

**Letter-Press Printing**

General

**McNeil Bros.**

San Jose, Cal'f.

**This Book, No. 2937, is the Property of McNEIL BROS.,  
San Jose, California.**

This Book is LOANED to .....

of ....., under the conditions below named, compliance with which is respectfully requested, or the return of the Book, at our expense, is desired:

1st. Owing to the heavy expense of issuing these samples, this Specimen Book is NOT to be Cut or Mutilated in any way, but in ordering therefrom the Number of the Pattern is to be given, and whenever any changes are desired they are to be written out.

2d. This Book possesses a money value of Five Dollars, and it is expected that it will be retained for store use only. UNDER NO CIRCUMSTANCES is it to be LOANED or GIVEN AWAY, but one (registered) copy being placed with a Firm, except in case of loss by fire. Owing to the nature of such works, they become the prey of people not entitled to receive them,—not even excepting a certain class of imitative printers, who, without facilities for the execution of this class of work, and without typographical skill or native ingenuity of their own, seek to appropriate others' ideas, as well as works, whenever and wherever they can. The repeated impositions to which we are subjected alone demands this clause, as our only source of self-protection.

3d. In case the Firm to whom this Specimen Book is addressed disposes of its business, this Book is no wise ceases to be ours, and is to REMAIN IN THE STORE, for the use of the succeeding Firm. We will at all times supply a new House with the latest Specimen Book or Sheets we have; hence, no excuse arises for removing this Book.

4th. This issue of our Specimen Books having involved a cash outlay of several thousand dollars, besides almost the exclusive time of our Mr. A. B. McNeil for nearly two years past, it is respectfully but earnestly requested that the foregoing Conditions be faithfully carried out. Our future is with the Drug Trade of the Pacific Coast. We ask your patronage, and the same fair treatment that we propose to give.

Respectfully Yours,

**McNEIL BROS.**

LETTER-PRESS PRINTING, ETC.

FROM

McNEIL BROS.

85 to 91 SOUTH FIRST STREET, SAN JOSE, CAL.

CATALOGUE No. 5.

# OUR ADVERTISEMENT.

**D**URING the six years of our business establishment as specialists in Druggists' Printing, our aim has been, while building up a trade in our particular line, to make it upon the broadest foundation of excellence that we could; to expend our profits in as rapid an increase of our capital stock as was possible to do; and above all, to prove to the Druggists of the Pacific Coast,—by that most rigid of tests, comparison,—the superior character of our work, and how unnecessary it is to place orders for Printing in the Eastern cities, when equally as good work, and as cheap, can be obtained here on this Coast as is done anywhere in America. To the extent of our success in the undertaking, we have the pleasure of submitting to the Pacific Trade this new and elegant Specimen Book of our Druggists' work. We trust it will find favor among our present customers, and that it may be the means of introducing us to others whose wants yet continue to be filled from abroad.

Of the extent and scope of this Book, it should not seem egotistic when we challenge its equal for size, variety, completeness, and number of actual specimens exhibited, as well as the high character of the work shown, in the entire range of Druggists' Specimen Books at the present time. Indeed, so far ahead of our needs has the Book grown that, were we not sanguine of the future of the Pacific Drug Trade, it would seem an almost waste of time, labor and money in publishing the same. But we have an abiding faith in our increased population; in public appreciation of our efforts; in a business judgment that does, and should, favor the Pacific Coast in its development; and in our ability to successfully compete with any establishment, either East or West, in the manufacture of Druggists' Labels, and in the various kinds of letter-press printing in which we are engaged. Our facilities have been largely increased within the past year, and our stock of printing material, typographic and engraved designs, borders, cuts, rules, etc., is extensive and of the most modern character. As to prices, we have not been governed by those of any other house, nor have any rates on certain labels been made purposely low in order to trap the unsuspecting; but our prices will be found uniform throughout, at the lowest living rates for *first-class work*, and we believe they will AVERAGE as low as can be had elsewhere.

We would call attention to one marked change in our Label business. viz: *Hereafter, unless specially ordered Ungummed, all Labels will be furnished Gummed and Cut, ready for use, at the prices stated over each.* We believe this change will more fully meet the wishes of our patrons than the Ungummed system has done. At the same time, besides many reductions in prices, the new method does away with any advance for gumming labels, thereby effecting a 10 per cent reduction on former rates. Detailed prices over each Label, instead of the "Class" method heretofore used, will doubtless prove a welcome convenience to all.

We would thank the Drug Trade for the very liberal manner in which they have patronized us during the past, and for the many kind words offered in our behalf, by letter and by word, during our business career on this Coast. In return therefor we again pledge ourselves that, with better facilities than ever before, we will continue to use our best efforts to give satisfaction, and we hope by so doing, by promptness in delivery, and by strict attention to business and the wants of our customers generally, to receive a still more liberal share of the Drug Trade in the States and Territories of the Pacific Coast.

Owing to the heavy expense of getting up these Specimens, we respectfully request Druggists **Not to Cut or Mutilate this Book**, but in every case to order by Number of the Pattern, stating quantity wanted, and writing out any changes that may be desired. (When wishing to know whether a label will fit a certain bottle, or box, a piece of paper can be easily cut of the same size and applied.) All *bona fide* Druggists, and those contemplating starting into business, are entitled to one Specimen Book for each firm, which we will be pleased to mail upon receipt of their printed address. But as all books are charged on our list, no firm can receive but one; and, to protect ourselves, beginners in business must furnish us wholesale San Francisco references, as well as remit us in advance \$5.00 for the Specimen Book, the amount to be deducted from their first order of \$10.00 or upwards. This rule is imperative, the many impositions to which we have been subjected by parties obtaining books by means of false representations making it necessary that a stringent rule be made in this respect. We do not care to supply books for transient orders, and no regular dealer can reasonably object to the provision above made.

## To the Trade.

**Strictly First-Class Work.**—In all branches of our business, we guarantee full count, and first-class and satisfactory work in every case. We use good materials, employ competent workmen, and use our best endeavors to furnish our Customers with fine and attractive work, that will bear the criticism of the most fastidious, and at as low prices as fine work can be done for. We guarantee all our work to be fully equal to the specimens here shown, and invite a comparison with printing from other label houses. As an evidence of the superior quality of our printing, we refer to any Druggist whose name appears in this Specimen Book, all of them being numbered among our large list of customers.

**Labels Gummed and Cut, Ready for Use.**—We would respectfully call the attention of Druggists to this feature of our business. As will be seen by reference to our Price List, unless otherwise ordered, all labels are furnished gummed and cut, and are put up with rubber bands in lots of 250 each, ready for the label drawer. A thick piece of paste board is also placed at the bottom of each package, thus preventing any liability to curl until bands are removed, and the labels are placed for use. Our stock of dies has been largely increased, so that nearly all labels shown are trimmed close to borders without additional charge.

**Postage and Expressage Saved.**—If the Cash accompanies the Order, we pay all Express or Postal Charges *ourselves*, on all work shown in this Book. This is a great saving to Druggists, as the freight on packages to distant points often amounts to a great deal in a large order. This rule only applies, however, to Cash with Order customers. Where the Cash does not accompany the Order, the goods are sent by the cheapest method, but always at the expense of the party ordering.

**Private Labels and Copyrighting.**—In preparing Labels, Wrappers, etc., for New Preparations, customers often want something original, and different from the usual line. We pay special attention to such work, and will, when desired, prepare special labels and borders, engrave private trade marks or monograms to suit the work, and get up the whole in attractive style. In cases where it is necessary to protect the label from being copied by others, we can have it registered in the U. S. Patent Office. The total cost of registering a label is \$10.00, \$6.00 of which is the Patent Office fee, and \$4.00 Attorney's fee for preparing the necessary papers. (Labels with Trade Mark designs in them cost more to register.) As the fee has to be paid in advance before the label can be registered, customers will please send the required amount with the order, and we will have the whole matter attended to for them.

**Druggists' General Printing.**—In the few pages devoted to General Printing in the back of this Book, but an imperfect idea can be gained of the extent of this branch of our business. We are at all times prepared to print Prescription and Powder Envelopes, Prescription Blanks, Comb and Tooth Brush Envelopes, Wrappers, Powder Papers, etc., etc.; also Business and Professional Cards, Bill-heads, Statements, Note and Letter-heads, Envelopes, Circulars, Price Lists, Ball and Society Printing, Show Cards, Hand Bills, etc., etc., in any style that may be desired, and at as reasonable rates as first-class printing can be done for, either East or West. Our establishment is constantly adding New Types, Borders, Engravings, etc., of the latest and most popular styles; and we are prepared to fill all orders, large or small, in the best manner, and at short notice. Special attention given to Colored and Fancy Printing. Samples and estimates on application. When writing for estimates, always send your copy (which will be returned if ordered), and state quantity you wish printed.

**Wrappers, Etc.**—We would invite special attention to our beautiful engraved Seidlitz Powder Wrapper; also to its companion, printed on gloss paper, together with the Squirrel Poison Wrapper, with engraved cut inside, which we have had specially designed for our own use, and registered in the United States Patent Office according to law. The List of Poisons and Antidotes is a valuable advertising card, for which we bespeak a good demand. The low price at which we have placed these cards brings them within the reach of all. Our facilities for printing Patent Medicine Wrappers, in either the English, German, French or Spanish Languages, are unexcelled, and we would request Manufacturers in this line to correspond with us before ordering elsewhere.

**Engraved Labels.**—The attention of our customers is also called to our new designs of Engraved Labels and Borders for Stock, Toilet and Flavoring Extracts, Liquors, Essences, etc., etc., which have been specially engraved for us for this book. All kinds of Trade Marks, Monograms, Crests, or Proprietary Labels, neatly engraved on short notice, and on the most reasonable terms.

**Prescription Blanks.**—No one house in America publishes the assortment of Prescription Blanks that is here shown. Many of them are new in design, and all are gotten up in the most popular styles, and at prices that will commend them to lovers of "clean" printing everywhere. We shall be pleased to give special figures to parties desiring any Blank in larger quantities than are here quoted. Prices for binding Prescription Blanks are given with each. For samples and prices of Prescription Cases see inside of last page of cover.

**Advertising Cards.**—Having secured the Agency of the famous "Ketterlinus," "Yo Semite," and Leonhardt's French Chromo Cards, we shall be pleased to forward samples and prices of the same on application.

**Envelopes.**—Either for Business purposes, for Powders, or for Combs and Brushes, in stock, in all sizes, styles and colors.

**Imitation Glass Labels.**—We furnish these goods in almost any style, at five cents each. When properly varnished they are very handsome, and can be washed, and will last for years.

**Large Orders.**—We will cheerfully furnish estimates on large orders of any kind of Druggists' Printing, or on any Special Label in large quantities, at reduced rates. On Label Orders of \$30.00 or upwards, (this does not include Prescription Blanks, Job Printing or Sundries, all of which are net), a discount of ten per cent. will be made.

**Labels Translated,** and printed in German, French or Spanish, at an advance of fifty per cent. on list prices.

### Hints in Ordering.

By Observing the following Hints in Ordering, our customers will often save the delay of correspondence, and thereby consult their own convenience as well as our own:

In the first place, *do not* cut or mutilate this book with your shears or knife, but simply give the NUMBER of the pattern, and write out your order, together with any changes that may be desired. The prices given are for 250, 500, 1,000, 2,000, 3,000 and 5,000 *of a sort*, (unless otherwise stated on the page in which the label is shown.) We do not print LESS than 250 of any one name, nor any quantity between 250 and 500, nor between 500 and 1,000, unless so stated over each label. For example: by 500 "of a sort," we mean 500 Castor Oil, 500 Essence Lemon, etc., or in other words, 500 of *one name*, without any change whatever in the form. Labels kept in stock and sold by the hundred, are furnished in quantities of 500 or more of a sort at a less price; but in ordering please remember the above explanation—that the prices are given for 500 to a name, 1,000 to a name, etc. To further explain: If 1,000 of Class B Labels are wanted, but with two or four changes of names of articles, each 250 will cost 15 cents, or each 500 22 cents, although 1,000 to a name will cost but 30 cents. We desire this to be clearly understood, so there will be no mistakes or misunderstandings.

**Conform as closely to the Samples as you can.** By so doing your orders are greatly simplified, mistakes obviated and prices definitely understood. But should anything be desired that is different in composition, shape, style or size, from what appears in the Book, we will get it up according to directions, and at the lowest prices for job printing, in all cases approximating as closely to our Book rates as the character of the work will permit. When labels, or other forms of printing, are desired duplicated, always send us printed copy.

**Special Shapes and Sizes.** In ordering any label not shown in the Specimen Book, please give exact size and shape, and write plainly what is to go on the label. When ordering Wrappers for Boxes or Bottles, send a piece of paper the exact size of Wrapper, *with the size of the printed matter*, and where it is to go on the Wrapper. In ordering Labels for Panel Bottles, send a piece of paper to fit the panel as you want it, stating whether it is to have a square or round top. The safest method is to press a piece of soft paper snugly to the face of the bottle, and then to trace the outline with a pencil. By this means the exact size and shape of panel can

be seen. It is not sufficient to say "For 2 oz. Bottle," or "For 4 oz. Panel," or "For 6 oz. Ball Neck Panel," as the bottles of different manufacturers vary in size and form. Attention to this hint will oftentimes save correspondence and delay.

**How to Write Address.**—Mistakes can not occur if the following hints are observed: In ordering, give name and address in PRINTED FORM if possible. In writing, be careful to make the name and address very plain, and bring the capital J down below the line, to distinguish it from the capital I. Having written name, next give "style of occupation, as for instance, "Druggist and Apothecary," "Pharmacist," "Dispensing Chemist," etc. Then follow with Street, Town, State or Territory. If care is taken in making out order in accordance with these instructions no mistakes can possibly occur, and on our part we guarantee correctness in all respects, or the work will be re-printed and transportation paid without extra charge.

**"Gummed" or "Ungummed" Labels.**—As stated many times elsewhere in this Book, unless otherwise ordered, all labels are furnished Gummed and Cut, ready for use. There are opposing, and very pronounced opinions, regarding gummed labels. One Druggist wishes nothing else; another will not have them at any price. We can not possibly suit all unless instructions are received with *every* order. The ingredients used in our gums are guaranteed clean, pure, and harmless to the tongue, while our system of gumming is the result of much study, many experiments, some labor, and experience covering many years. But in ordering labels it is not enough to state in a sweeping way that you "always" want your labels Ungummed, because we can not undertake to remember it, and will furnish all labels Gummed unless with each order we are otherwise instructed.

**Special Request.** Do not paste labels or other matter on postal cards. It is contrary to law, and subjects the receiver to a penalty if taken from the Postoffice.

### Our Terms.

**Our Terms are, Cash with Order.**—Experience has shown this to be the only safe rule for all concerned. By it we are enabled to give our customers many advantages that we could not do were we to adopt the credit system. Where available references are furnished, or our "Mercantile Report" rates parties financially responsible, or we have had satisfactory business acquaintance heretofore, we will send goods without prepayment; but all bills are payable immediately upon receipt of goods, and if not paid within thirty days are subject to sight draft without notice. When the Cash accompanies the Order, we send all goods Transportation paid. Otherwise they are sent by the cheapest method, but at the expense of the party ordering. Goods will be sent by Express, C. O. D., if one-fourth of the amount is sent with the order; but as evidence of good faith this must invariably be done, for the order to receive attention. Express charges will be at the expense of the customer, together with the charges for collection when the amount is under \$10.00. We pay no exchange or express charges on remittances. Remit by draft on San Francisco, (not on New York), by Express, Postoffice Money Order, Registered Letter or Postal Note. Letters can be registered at any Postoffice in the United States at a cost of only 10 cents. Postoffice Money Orders not exceeding \$15.00 cost but 8 cents. Postal Notes, for all amounts under \$5.00 and obtainable at all Postoffices, cost but 3 cents. Do NOT send checks on local banks, as they subject us to an expense of from 25 to 50 cents for collection. Postage stamps only received for fractional parts of a dollar. We cannot be responsible for money lost by sending it in un-registered letters.

**Bear in Mind.**—When the Cash accompanies the Order, WE pay all Transportation charges on goods.

**Our References.**—The First National Bank of San Jose, and any of the Wholesale Druggists of San Francisco whose names are found on the inside of the fourth page of this Cover.

Respectfully Yours,

# Specimens of Druggists' Printing,

FROM  
**McNEIL BROS., SAN JOSE, CAL., U. S. A.**

WE present below our New Series of **General Shop Labels**, which are furnished in any style that may be desired, Gummed or Ungummed, neatly cut and ready for use. The wording of all Labels can be changed, and the name of any article inserted, at the prices quoted. In ordering, care should be taken to designate the Pattern wished,—whether “A,” “B,” “C,” or “D,”—and the occupation, (whether “Druggist,” “Druggist and Apothecary,” “Chemist and Pharmacist,” or whatever wording may be desired,) ALWAYS sending your PRINTED ADDRESS if possible, so as to avoid unnecessary correspondence or the risk of making mistakes. **Unless otherwise ordered, All Labels are furnished Gummed and Cut**, and are put up with rubber bands in lots of 250 each, this being the smallest quantity of General Labels that we print. Please do not cut or mutilate the Specimen Book, but order by Number of the Pattern.

For General Shop Labels, Style “B” will be used in all cases where preferences and prices are not made.

## STYLE “A.”

250, 12 Cents; 500, 17 Cents; 1000, 25 Cents.

**The Cheapest Label Printed.** The wording of the Address will be changed to suit, and the name of any article will be inserted; but we will not increase the size of the Label, nor put in doses, directions or antidotes, without also increasing the price to Style “B.”

**Citrate of Magnesia Labels.**

No. 3416—250, \$1.25; 500, \$1.75; 1000, \$2.50.

EFFERVESCENT SOLUTION

CITRATE OF

MAGNESIA

THIS Refrigerant and Laxative Preparation is well known as an agreeable substitute for Epsom Salts, Seidlitz Powders, and the Saline Cathartics generally. The contents of this bottle is a full purgative dose; for children, from a tablespoonful to a wineglassful may be given, and repeated if required. The bottle should be kept well corked.

PREPARED BY

JOHN R. MEISTER,

APOTHECARY,

Odd Fellows' Temple, K and 9th Sts.,

SACRAMENTO, CAL.

No. 3417—250, \$1.25; 500, \$1.75; 1000, \$2.50.

Effervescing Solution of

CITRATE of MAGNESIA

THIS Refrigerant and Laxative Preparation is well known as an agreeable substitute for Epsom Salts, Seidlitz Powders, and the Saline Cathartics generally. The contents of this bottle is a full purgative dose; for children, from a tablespoonful to a wineglassful may be given, and repeated if required. The bottle should be kept well corked.

PREPARED BY

CHAS. C. WALKER,

Half Moon Bay Drug Store,

SPANISHTOWN,

CALIFORNIA.

No. 3418—250, \$1.25; 500, \$1.75; 1000, \$2.50.

EFFERVESCENT SOLUTION

CITRATE MAGNESIA.

The contents of this bottle is a full purgative dose. For Children, from a tablespoonful to a wineglassful may be given, and repeated if required.

PREPARED AT

MEYER'S DRUG STORE,

1450 7th St., Cor. Center, West Oakland, Cal.,

By C. R. KNAPP, Chemist.

No. 3419—250, \$1.10; 500, \$1.60; 1000, \$2.25.

IMPROVED EFFERVESCENT SOLUTION

CITRATE of MAGNESIA

OR, TASTELESS SALTS.

This Preparation is an agreeable substitute for Epsom Salts, Seidlitz Powders, Black Draught, Etc. It has none of its bitterness, and, by its pleasant acidity of taste and its effervescing character, is esteemed a very agreeable and refreshing drink.

DIRECTIONS.

FOR A CATHARTIC.—The contents of the bottle may be taken at one dose in the morning.

FOR A LAXATIVE.—A wine-glassful every two hours until the desired effect is induced; or half the contents of the bottle may be taken at once, and the remaining half in an hour or two if it does not operate.

FOR A REFRIGERANT.—A tablespoonful every hour or two.

Keep the Bottle in a cool place, with Cork down.

C. E. PHELAN, Druggist & Apothecary

Main Street, Lakeport, California.

No. 3420—250, 90c; 500, \$1.25; 1000, \$1.80.

SOLUTION OF

CITRATE OF MAGNESIA

OR LEMONADE PURGATIVE.

This valuable preparation is well known as an agreeable substitute for Epsom Salts, Seidlitz Powders and the Saline Cathartics generally.

DIRECTIONS.—As a Refrigerant, a tablespoonful every hour or two. As a Laxative, a wine-glassful as often, until the desired effect is induced. As a Purgative, half the contents of a bottle may be taken at once, and the remaining half in an hour or two if it does not operate. The bottle should be kept well corked in the intervals of taking.

L. G. DEMERT & CO., Druggists,

PENDLETON, OREGON.

No. 3421—250, 90c; 500, \$1.25; 1000, \$1.80.

EFFERVESCENT SOLUTION

CITRATE OF MAGNESIA,

OR PURGATIVE LEMONADE.

This Refrigerant and Laxative Preparation is well known as an agreeable substitute for Epsom Salts, Seidlitz Powders, and the Saline Cathartics generally.

THE contents of this bottle is a full purgative dose. For children, from a teaspoonful to a wine-glassful may be given, and repeated if required. The bottle should be kept corked in the intervals of taking.

PREPARED AT

BRYANT STREET PHARMACY,

Cor. 4th and Bryant Sts., San Francisco.

### ALTERATIVE

## CONDITION POWDER

FOR HORSES AND CATTLE.

This Powder is strongly recommended for producing a fine smooth skin, and for bringing Horses into general fine condition. They give tone to the stomach, increase the appetite, and free the blood from all bad humors. They will be found of essential service for grease, swelled legs, coughs, and influenza. A tablespoonful may be given every other night, in mash, or feed of corn. The horse may work as usual, being in fact more fit.

Prepared only by

**A. SCHOENHEIT, Druggist,**  
262 Santa Clara St., San Jose, Cal.

No. 3517—250, \$1.00; 500, \$1.40; 1000, \$2.00.

## CONDITION POWDER

This Powder may be given with great advantage in all cases of loss of appetite, roughness of the hair or coat, stoppage of water or bowels, coughs, colds, inflammation of the lungs and bowels, recent founders, swelling of the glands of the throat, horse distemper, hide-bound, and will also backen the heaves, and in recent cases, effect a cure. There is no disease among Horses and Cattle where this valuable Powder is not called for; and by its timely use will save the lives of many valuable animals.

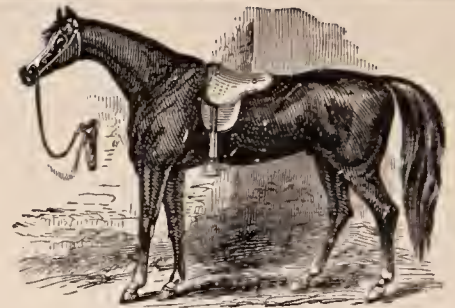

The superiority of this Powder over every other preparation of the kind is only known to those who have seen its astonishing effect on Horses and Cattle under their own observation. This Powder at once acts upon the secretions, consequently will arrest disease in Hogs, Oxen and Cows, as well as in Horses.

**DIRECTIONS.**—Give a horse one tablespoonful morning and night.

PREPARED BY

**R. S. WESTON, Druggist and Apothecary,**  
FOREST CITY, CALIFORNIA.

No. 3518—250, \$1.00; 500, \$1.40; 1000, \$2.00.

IMPROVED

## CONDITION POWDER,

FOR HORSES AND CATTLE.

Useful in cases of Distemper, Coughs, Colds, Bots, Farcy, Costiveness, Roughness of the Skin, and Stoppage of Water. Swelled Legs, Grease and Influenza, can be relieved and sometimes cured by the use of these Powders. They do not interfere with the daily work of the horse, and can be given to cattle with equal advantage.

**DOSE.**—Tablespoonful twice a day, in mash.

Sprains, Bruises, Ringbone, Spavin, Galls, Grease Heels, Scratches, Fistula, and Poll Evil.

**DIRECTIONS.**—Shake well before using, and bathe the affected parts once or twice a day.

PREPARED BY

**WM. M. HIGGINS,**  
Druggist and Chemist,  
ANAHEIM, CAL'A.

No. 3522—250, 40c; 500, 60c; 1000, 80c.

### BRITISH OIL.

This Oil is regarded as being much better than any of the various preparations of Opodeldoc, Liniments or Spinal Washes now in use, for all cases in which such medicines are used, viz: In Rheumatic Pains and Swellings, Sprains, Bruises, Contraction of the Muscles or Tendons, Stiffness of the Joints, Small Burns or Scalds, Spinal Irritation or Weakness, and is much used by Farmers as an application to Horse-flesh. Internally, it will be found of great efficacy in many cases of Pains or Lameness in Stomach or Breast, from strains or injuries.

**Beef, Iron & Wine.**

*Extract of Beef, Citrate of Iron, and Sherry Wine.*

This preparation is made from the well-known Extract of Beef, Citrate of Iron, and Pure Sherry Wine; it combines, in a pleasant form, the valuable nutritious tonic and stimulating properties of its ingredients. Prompt results will follow its use in cases of sudden exhaustion, arising either from acute or chronic disease, and will prove a valuable restorative for all convalescents.

As a Nutritive Tonic, it would be indicated in the treatment of impaired nutrition, impoverishment of the blood, and in all the various forms of general debility.

ADULT DOSE—One tablespoonful between meals, and when suffering from fatigue or exhaustion.

DOSE FOR CHILDREN should be reduced according to age.

Each half fluid oz. contains the strength of one ounce of Beef, with half oz. of Sherry Wine, two grains of Citrate of Iron, twenty grains of Sugar, flavored with Oil of Orange.

PREPARED AT

**PACIFIC HOMOEOPATHIC PHARMACY,**  
F. HILLER, Jr., & CO.,  
33 Dupont St., Cor. Geary, San Francisco.

**BEEF**

**IRON AND WINE.**

*Extract of Beef,  
Citrate of Iron and Sherry Wine.*

This preparation combines in a pleasant form the nutritious, tonic and stimulating properties of its ingredients, without the disagreeable, inky taste common to most preparations containing iron.

Each tablespoonful contains 8 grains of Liebig's Extract of Beef, 4 grains of Citrate of Iron, and  $\frac{1}{2}$  oz. of Sherry Wine.

DOSE.—For Adults, one tablespoonful between meals, or when suffering from fatigue or exhaustion.

PREPARED BY

**PAINTER & VREELAND,**  
*Pharmacists,*  
Cor. California & Kearny and Cor. Clay & Kearny,  
SAN FRANCISCO.

No. 3531—250, 60c; 500, 85c; 1000, \$1.20.

**LIQUID BLUING.**

**FOR LAUNDRY AND**

**WRITING PURPOSES.**

This article has no superior for the purposes named. It is cheaper than Indigo, and does not spot or streak the clothes. By its use that peculiar whiteness of the clothes is secured which can not be attained by any other article.

BITTER WINE OF  
**IRON**

This preparation embodies the tonic influence of one of the most efficient salts of Iron, (the Citrate of the Ferric Oxide,) in combination with our most valuable nerve, Calisaya Bark

The Iron has no taste, and the bitterness is that of Peruvian Bark. It neither discolors the teeth nor induces headache.

DOSE.—For an adult, a tablespoonful three times a day, half an hour before meals. Children may take a teaspoonful three or four times a day, with a little water.

Prepared by  
**F. F. MULLER, DRUGGIST,**  
Elko, Nevada.

—(PERSIAN)—  
**INSECT POWDER**

FOR DESTROYING  
**ROACHES, BED BUGS, FLEAS, ANTS, MOTHS, MOSQUITOES, ETC.**

This is a vegetable production from Persia, and will be found a most effectual destroyer of the above mentioned and other insects. It is not poisonous, and can be used with perfect safety.

For destroying Roaches, Etc., it should be strewed about the place where they are usually found. To destroy Mosquitoes, burn a small quantity in the room or place infested.

Woolens and Furs, when put away for the Summer, are effectually protected from Moths by the use of this Powder.

**KEEP WELL CORKED.**

From **APOTHECARIES' HALL, B. GUTIERREZ, Proprietor,**  
 Cor. State and Ortega Sts., Santa Barbara, Cal.

No. 3584—250, \$1.00; 500, \$1.40; 1000, \$2.00.

※ **EUREKA** ※  
**INSECT POWDER.**

FOR THE DESTRUCTION OF  
**Fleas, Flies, Ants, Moths, Bed Bugs, Mosquitoes, Etc.**

This Powder is strictly a home production; is a most effectual destroyer of all pests which infest the household and garden, and is entirely harmless to mankind and domestic animals. Used judiciously and thoroughly, it becomes the cheapest and most effective agent known to science for the destruction of all insects, etc.

**DIRECTIONS FOR USING.**—Distribute the Powder in such a manner as to create a dust. This dust inhaled by the insects, causes immediate death. For mosquitoes, burn the Powder; the smoke kills instantly. To kill cockroaches, place the Powder in the places infested. Sprinkled on birds, fowls and animals, it keeps them free from fleas and lice. Used on flowers, it protects them from the ravages of bugs and insects. Furs and other wearing apparel are protected from moths by sprinkling them with this Powder.

**W. E. McCARTNEY, Dispensing Chemist,**  
 —YALE, B. C.—

No. 3585—250, 90c; 500, \$1.25; 1000, \$1.80.

**RAT, ROACH AND ANT EXTERMINATOR.**

**DIRECTIONS FOR USE.**—Spread the paste evenly on bread; sprinkle with brown sugar and on top flour; cut in one inch pieces. For Roaches, add some common, thick molasses to the extract, and use it freely around the cracks and crevices they frequent, and smear on paper. For Black and Red Ants, add gum arabic syrup to the extract.

## BROWN INK LABELS.

The demand for "Novelties" has induced us to add this beautiful Brown to the list of our popular Inks. It will be found especially attractive for dispensing and toilet labels of all kinds. In fact, "a change" alone will make it acceptable for most any purpose. All Labels shown in Black Ink can be printed in Brown, in Green or in Lake Ink, for 20 per cent extra, on Tinted Paper for 25 per cent extra, or in two colors for 50 per cent extra, to the cost in Black Ink.

No. 3805—250, 60c; 500, 85c; 1000, \$1.20.

No. 3806. In Stock—20c per 100.

No. 3807.  
In Stock—10c per 100.

No. 3808—250, \$1.35; 500, \$1.90; 1000, \$2.75.

SOLUTION OF

CITRATE OF MAGNESIA.

IS EXTENSIVELY USED

As a substitute for Salts; it is destitute of Bitterness, and by its pleasant acidity of taste, and its effervescent character, is rendered a very agreeable and refreshing drink.

DIRECTIONS.—As a cooling and laxative medicine, from a tablespoonful to a wine-glassful, every hour or two until the desired effect is produced. As a cathartic, an adult may take the contents of one bottle, half of it at first, and the remainder in one or two hours. The dose for children to be less, according to their age. The bottle should be kept corked in the intervals of taking the medicine. A glass of cold water increases its activity as a purge.

**New Series Tinted Labels.****READ CAREFULLY.**

**I**N continuing the beautiful new series of Tinted Labels to be found on this page, we aim more at offering a standard inexpensive, elegant Label,—one that will WEAR well,—than to present a novelty, that, though pleasing for the moment, soon tires and like a fashion is soon out of style. **Any Label shown in Black Ink can be printed in this style, at 1 x-4 price, or 25 per cent added to the price in Black Ink, thus:** If a Black Ink Label costs 40 cents per 1000, a Tinted Label of the same pattern will cost 50 cents; if 60 or 80 cents for one, then 75 cents and \$1.00 for the other, and so on. Any Labels shown in other colors than Black Ink can also be printed in this style, at prices corresponding to the SIZE as shown in Black Ink. In ordering these Labels, **DO NOT** cut up this Book, but write **"Tinted Series"** over Labels wanted in this style, give Number of Label, for reading, with any changes desired, and we will understand the rest. We can not undertake to furnish either pattern or color of tint shown below EXCLUSIVELY, but aim to assort all.

# COMPOUND

# SARSAPARILLA

## ALTERATIVE

AND

## BLOOD PURIFIER.

For all conditions dependent on  
Impurities of the Blood this Com-  
pound is most efficient. It speedily  
eradicates any taint, humor or vice.  
It searches the inmost recesses of  
the system, quietly and efficiently,  
yet at the same time the patient is  
not aware that he is under the influ-  
ence of so acute a Blood Purifier  
and Disease Eradicator, so quietly  
does it do its work. It may be used  
for any length of time without  
injury.

DOSE.—One Tablespoonful  
three times a day.

**LINIMENT**

For all Founders, Lameness, Sprains, Swellings, Spavin, Poll Evil, Etc. Also for Flesh Wounds, Cuts and Sores.

APPLY AT NIGHT AND MORNING.

FOR INTERNAL USE.—For Colic and Stoppage of Urine, and to open the bowels, give two large spoonfuls in warm water and molasses every four hours until relieved.

PREPARED AND SOLD BY

**D. F. FRYER, Druggist and Apothecary,**  
**OROVILLE, CALIFORNIA.**

No. 4070—250, 65c; 500, 90c; 1000, \$1.30.

\* **BRITISH OIL** \*

This Oil is regarded as being much better than any of the various preparations of Opodeldoc, Liniments or Spinal Washes now in use, for all cases in which such medicines are used, viz: In Rheumatic Pains and Swellings, Sprains, Bruises, Contraction of the Muscles or Tendons, Stiffness of the Joints, Small Burns or Scalds, Spinal Irritation or Weakness, and is much used by Farmers as an application to Horse-flesh. Internally, it will be found of great efficacy in many cases of Pains or Lameness in Stomach or Breast, from strains or injuries.

**W. J. MCCARTHY, COULTERVILLE DRUG STORE**  
Coulterville, California.

No. 4065—250, \$1.35; 500, \$1.90; 1000, \$2.75.

**SUPERIOR****CONDITION POWDER**

This Powder may be given with great advantage in all cases of loss of appetite, roughness of the hair or coat, stoppage of water or bowels, coughs, colds, inflammation of the lungs and bowels, recent founders, swelling of the glands of the throat, horse distemper, hide-bound, and will also backen the heaves, and in recent cases, effect a cure. There is no disease among Horses and Cattle where this valuable Powder is not called for; and by its timely use will save the lives of many valuable animals.

The superiority of this Powder over every other preparation of the kind is only known to those who have seen its astonishing effect on Horses and Cattle under their own observation. This Powder at once acts upon the secretions, consequently will arrest disease in Hogs, Oxen and Cows, as well as in Horses.

**DIRECTIONS.**—Give a horse one tablespoonful morning and night.

PREPARED BY

**R. S. WESTON, Druggist and Apothecary,**  
**FOREST CITY, CALIFORNIA.**

No. 4068—250, \$1.35; 500, \$1.90; 1000, \$2.75.

**UNIVERSAL****HORSE LINIMENT.**

For Founder, Lameness, Sprains, Swelling of Cords, Swinney, Strains in the Joints, Soreness, Wounds, Fresh Cuts, Galls, Bruises, Splint, Chafes, Etc.

**DIRECTIONS.**—Apply the Liniment thoroughly, rubbing it in with the hands.

To prevent the Liniment from blistering, add about one-third sweet oil, which makes it an excellent preparation for man or beast.

Attention is called to the above Label, which we have adopted since the first part of this book was printed. It will be found a valuable intermediate size, between Nos. 4163 and 4164, and can be furnished in Black Ink when desired at the price above quoted.

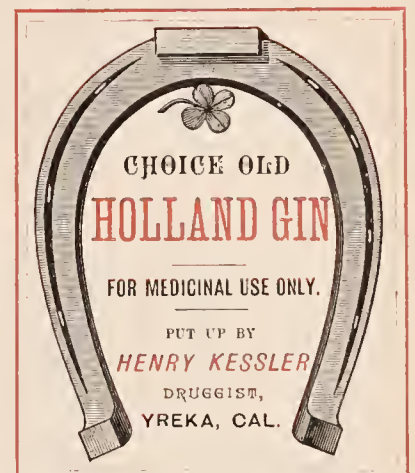

The name of any Wine or Liquor will be inserted, in any Liquor Label, at the prices quoted.

Again we request the Trade not to cut or mutilate this Specimen Book in any way, it having cost us much labor, as well as money. In ordering it is only necessary to give us the Number of the Pattern, and write out the names of articles or changes that are desired.

Except when expressly so stated, on top of each Label, we do not print less than 250 to each name.

No. 4182. In Stock—50c per 100. Over 100, Class S. The name of any Wine or Liquor inserted.

No. 4183.  
250, 70c; 500, 95c; 1000, \$1.40.

No. 4183 is also a new design, for which we bespeak a pleasing reception by lovers of novelties. It can be furnished in Black, if desired, at the following prices:

250, 60c; 500, 85c; 1000, \$1.20.

In ordering the above Label for Black Ink, it will be necessary to so state it, otherwise it will be furnished as above.

Nos. 4184 to 4189—In Stock, at 25c per 100. Over 100, Class I. Any Extract furnished at same rates.

No. 4184.

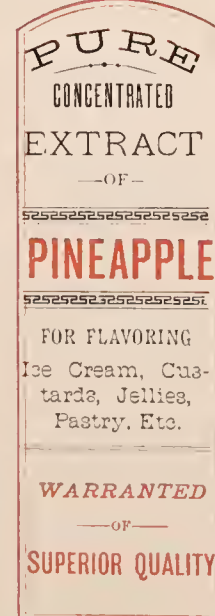

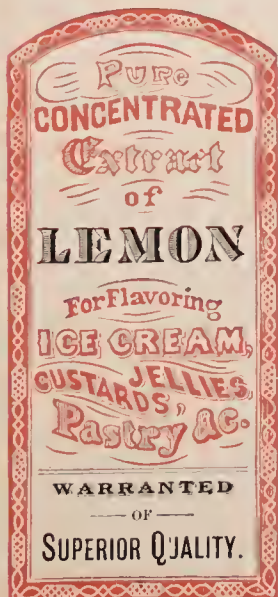

No. 4185.

No. 4186.

No. 4187.

No. 4188.

No. 4189.

*McNeil Bros., San Jose, Cal.*

## RED PLATE SERIES.

Any Label shown in this Book in Black Ink can be printed on this kind of paper at 1 1-2 price, or 50 per cent added to the price of any Label as shown in Black, thus: If a Black Ink Label costs 30 cents per 1000, a Red Plate Label of the same pattern (or reading) will cost 45 cents; if 50 cents or \$1.00 for one, then 75c and \$1.50 per 1000 for the other, and so on. In ordering Labels, DO NOT cut up this Book, but where any Labels are wanted that are not shown on this page, write "Red Plate Series" over Labels wanted in this style, give Number of Pattern, for reading, with any changes desired, and we will understand the rest.

**THESE LABELS WILL NOT BE GUMMED.**

No. 4190-250, \$1.50; 500, \$2.00; 1000, \$3.00.

No. 4191-250, \$1.50; 500, \$2.00; 1000, \$3.00.

### INSECT POWDER

FOR DESTROYING

ROACHES, BED BUGS, FLEAS, ANTS, MOTHS, MOSQUITOES, ETC.

This is a vegetable production, and will be found a most effectual destroyer of the above mentioned and other insects. It is not poisonous, and can be used with perfect safety.

For destroying Roaches, Etc., it should be strewed about the place where they are usually found. To destroy Mosquitoes, burn a small quantity in the room or place infested.

Woolens and Furs, when put away for the Summer, are effectually protected from Moths by the use of this Powder.

KEEP WELL CORKED.

S. OBERDEENER, Druggist and Pharmacist,  
SANTA CLARA, CAL'A.

No. 4192-250, 55c; 500, 75c; 1000, \$1.10.

FOR EXTERNAL USE ONLY.

M. M. DAVIS,  
Druggist and Apothecary,  
NEWPORT, - OREGON.

No. 4193-250, 55c; 500, 75c; 1000, \$1.10.

DOSE.—For a child three days old, 3 drops; one week old, 5 drops; one month old, 8 drops; one year old, 15 drops; five years old, 25 drops; adults, 1 to 2 teaspoonfuls. Repeat every two, three or four hours.

Cor. 7th and Howard Sts., SAN FRANCISCO.

No. 4195-250, \$1.00; 500, \$1.40; 1000, \$2.00.

### BED BUG EXTERMINATOR

POISON!

DIRECTIONS FOR USE. Apply the Solution freely with a feather upon the railings and into every crevice of the bedstead. This preparation will destroy all kinds of vermin if the places they frequent are well anointed with it. Be careful in applying not to get it into the eye, or into a cut or sore. Being a violent poison, it must be kept out of reach of children, and not where food is kept.

DR. W. F. MAGGARD,  
Physician and Druggist,  
RICEVILLE, - CAL.

No. 4196-250, 25c; 500, 35c; 1000, 50c.

### SYRUP RHUBARB.

DOSE.—For an infant with diarrhea,  $\frac{1}{2}$  to 1 teaspoonful every two hours till the passages indicate by their color that the medicine has operated. For adults, 2 to 3 teaspoonfuls.

City Drug Store, - WHITE & BAILEY, Prop'r's,  
Conn Street, COLTON, CAL.

### PERSIAN INSECT POWDER.

FOR THE DESTRUCTION OF

Fleas, Flies, Ants, Moths, Bed Bugs, Mosquitoes, Etc.

This Powder, prepared from flowers imported from the plains of Persia, although a most effectual destroyer of all pests which infest the household and garden, is entirely harmless to man-kind and domestic animals. Used judiciously and thoroughly, it becomes the cheapest and most effective agent known to science for the destruction of all insects, etc.

DIRECTIONS FOR USING. Distribute the Powder in such a manner as to create a dust. This dust inhaled by the insects, causes immediate death. For mosquitoes, burn the Powder; the smoke kills instantly. To kill cockroaches, place the Powder in the places infested. Sprinkled on birds, fowls and animals, it keeps them free from fleas and lice. Used on flowers, it protects them from the ravages of bugs and insects. Furs and other wearing apparel are protected from moths by sprinkling them with this Powder.

## New Elite Series.

In this beautiful Series of Labels the lovers of "Unique" designs have abundant scope in which to indulge their fancies, our very extensive facilities enabling us to furnish almost any shape or style of border that may be wished, in which the most modern faces of type will be used, and the best of workmanship will at all times be employed. This is not intended as a "cheap" Series, and should only be ordered by those who appreciate the advantages of the finer grades of Labels, and who are willing to pay a fair price for the same. Although it is quite impossible to here quote prices for all Labels in this style, we will be pleased to give prices on application, and in general they will run about as here named. These Labels will not be gummed. Order "New Elite Series."

We do not print less than 250 Labels to any one name of article.

**McNeil Bros., San Jose, Cal.**

As here shown, any Name, Dose or Poison, will be inserted, in any Label, at the prices quoted. 105

## NEW SERIES "GEM" LABELS.

### READ CAREFULLY BEFORE ORDERING.

THIS beautiful Series of General Labels having become a prime favorite wherever tried, we have adopted it as our standard "GEM" Series. For neatness and cheapness they are without an equal. The great advantage possessed by them is that we furnish as few as 100 of a kind, and at a trifling cost, so that Druggists need not be overstocked with such labels as are seldom used. Written labels are also inexcusable when printed ones can be had at so small a cost. Each lot is put up separately in rubber bands, all gummed and cut, ready for use. Owing to the peculiar process by which these Labels are made, we can only furnish them under the conditions named, under "Instructions," which please read carefully before ordering.

#### Instructions in Ordering.

In ordering these Labels, please observe the following RULES:

1.—Orders for this Series of Labels must amount to not less than TWO DOLLARS. They will be filled as may be desired, all in lots of 100, 200, 500, etc., or part in 100 lots, part in 200 lots, etc. In short, we will assort the order as you wish, providing the TOTAL amount is not less than Two Dollars.

2.—These Labels must be ordered in even hundreds, thus: 100, 200, 300, 500, and so on, and NOT 150, 250, etc.

3.—We will print the name of any article, or will furnish any "Dose" desired, but we can not give "Antidotes" with Poison Labels, nor print Labels in these Patterns for Private or Proprietary Preparations, in quantities of less than 1000, as on smaller quantities the amount would not pay for putting the matter in type. On orders of 1000, however, we will insert ANY MATTER that will go into the space.

4.—For copy, send us one of your printed labels, or write name and address distinctly in plain CAPITAL LETTERS. Give your full address in every letter, and don't expect us to remember whether you "always" want your labels gummed or ungummed, because we can not do it, and will furnish all labels gummed unless in every letter we are otherwise ordered.

5.—In making out your order, classify labels of a kind together as nearly as possible, and write every name and number plainly, in order to avoid mistakes. It is not necessary to cut or mutilate this book, but order by No. of Pattern.

#### Prices for this Series of Labels.

All Labels printed on fine white writing paper, in gold and black, with assorted borders, at the following rates:

100 of a sort, - 10c	2000 of a sort, \$1.15
200 of a sort, - 15c	3000 of a sort, 1.75
500 of a sort, - 35c	5000 of a sort, 2.75
1000 of a sort, - 60c	10,000 of a sort, 5.00

By a given number "of a sort," we mean that number for one article, without change of type. Thus, 10,000 Paregoric Labels would cost \$5.00, but 5000 Paregoric and 5000 Castor Oil Labels would cost \$2 75 for each 5000.

PLEASE REMEMBER that orders for this Series of Labels must amount to \$2 00 in order to be filled.

**READ BEFORE ORDERING.**

Much delay and correspondence would be avoided  
if druggists would but take a little more time in  
making out their orders. Certain patterns of Labels  
are only suited for certain articles. Any one can see  
at a glance that the wording of No. 4252 cannot be  
printed in the border of No. 4259, or the wording  
of No. 4249 be printed in the borders of either Nos.  
4256 or 4263. In Nos. 4244 to 4251, however, any  
Name, Dose, or Poison can be printed.

No. 4265—250, 30c; 500, 45c; 1000, 60c.

**BI-CARB SODA.**

**HENRY KESSLER,**  
Druggist and Apothecary,  
**YREKA, CAL.**

No. 4297—250, 80c; 500, \$1.10; 1000, \$1.60.

No. 4304—250, \$1.25; 500, \$1.75; 1000, \$2.50.

No. 4292—250, 85c; 500, \$1.20; 1000, \$1.70.

No. 4298—250, 90c; 500, \$1.25; 1000, \$1.80.

All Pill Labels can be printed with or without lines for writing on, No., Dr., Date, For, Directions, Etc., at the prices quoted. Unless changes are ordered, they will be left as here shown.

All Round and Oval Labels are cut close to borders, by machinery, without extra charge.

In any of the Labels shown on this page the name of the article will be changed without extra charge, but where an entire change of wording is ordered, a slight advance (sufficient to cover the additional labor) will be added to the prices here given.

DO NOT cut or mutilate this Specimen Book, but order by Number of Pattern, and write out changes desired.

*Miscellaneous Labels.***ORIGINAL TINTED GOLD SERIES.**

THE marked favor with which this Series of Labels has been received has been highly gratifying to us, and we here present it showing an assortment of Tints for backgrounds, and a number of elegant new Labels that we have specially gotten up for these pages. The TINTED GOLD SERIES is particularly adapted for Toilet Specialties, and our large assortment of rules and borders enables us to furnish any size required, the border being printed in Gold and the reading matter in Black Ink. From the prices here quoted, the rates for corresponding sizes, with any reading matter, can be easily determined. These Labels are furnished Gummed and Cut, ready for use. In ordering, DO NOT cut up this Book, but write "TINTED GOLD SERIES" over Labels wanted in this style, give Number of Label, for size or reading, and we will understand the rest. We can not undertake to furnish either pattern of background or any color of tint EXCLUSIVELY, but aim to assort all.

— IN THIS SERIES WE DO NOT PRINT LESS THAN 250 LABELS TO ANY ONE NAME OR ARTICLE. —

No. 4372 250, \$1.25; 500, \$1.75; 1000, \$2.50.

No. 4373—250, \$1.25; 500, \$1.75; 1000, \$2.50.

No. 4374 250, \$1.25; 500, \$1.75; 1000, \$2.50.

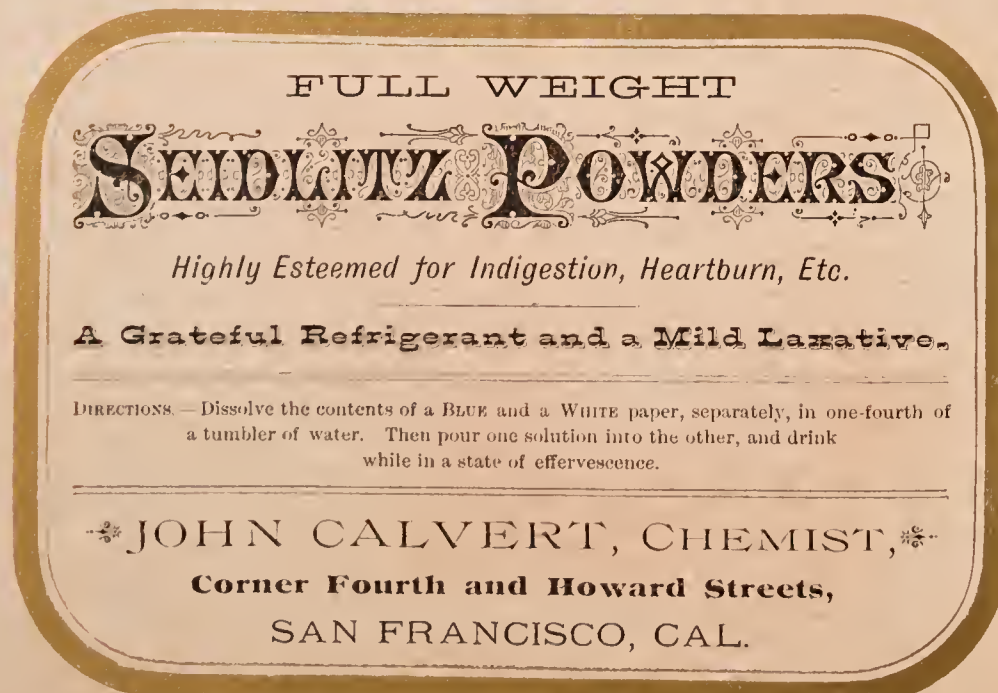

No. 4375 250, \$1.50; 500, \$2.00; 1000, \$3.00.

No. 4376—250, \$1.00; 500, \$1.40; 1000, \$2.00.

No. 4377—250, \$1.75; 500, \$2.35; 1000, \$3.50.

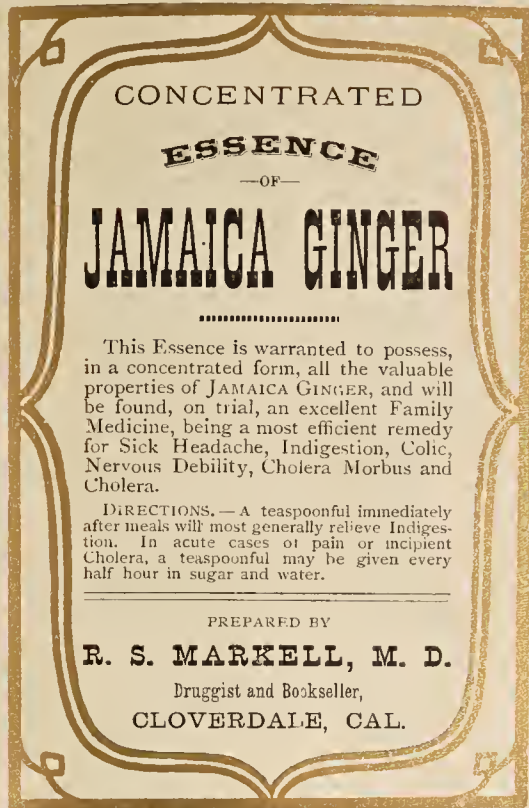

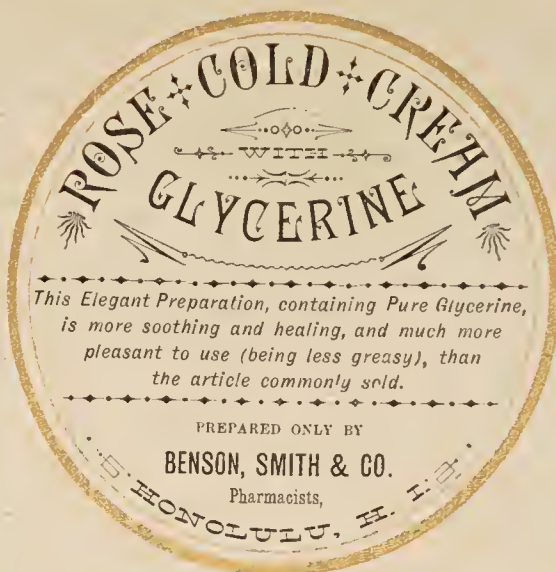

# Miscellaneous Labels.

115

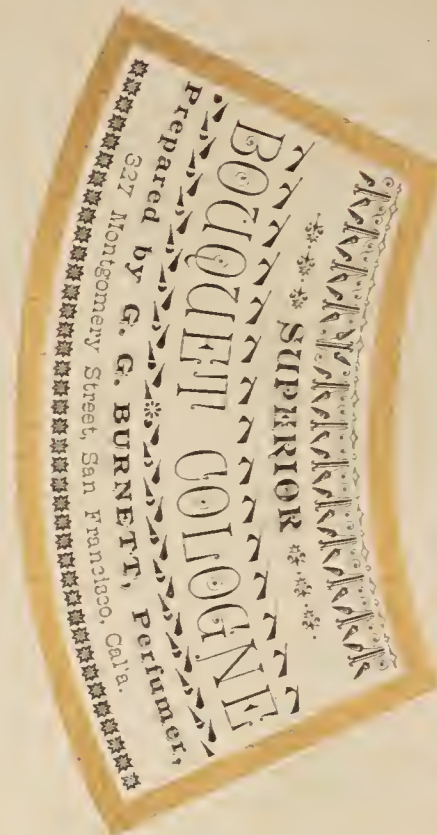

No. 4378—250, \$1.25; 500, \$1.75; 1000, \$2.50.

No. 4379—250, \$1.25; 500, \$1.75; 1000, \$2.50.

No. 4489. Kept in Stock at 50c per 100.

No. 4490. 35c per 100.

No. 4492. Kept in Stock at 50c per 100.

All the above Toilet Labels are printed on fine white writing paper, and are cut close up to borders by machinery without extra charge. These Labels are only furnished ungummed.

DO NOT cut or mutilate this Specimen Book, but order by Number of the Pattern, writing out the names of articles desired.

Sherry Wine, Jamaica Rum and Bourbon Whisky Labels, in the above pattern, kept in Stock at same rates.

Hair Oil and Bay Rum Labels, in the above pattern, kept in Stock at same rates.

*Liquor Labels.*

No. 4493—250, \$1.25; 500, \$1.75; 1000, \$2.50.

The names of any Wines or Liquors will be inserted, in any of the Labels shown on this page, without extra charge.

No. 4494—250, \$1.50; 500, \$2.00; 1000, \$3.00.

No. 4495—250, \$1.25; 500, \$1.75; 1000, \$2.50.

No. 4497—250, \$1.50; 500, \$2.00; 1000, \$3.00.

No. 4496. Kept in Stock. 50, 30c; 100, 50c; 200, 85c; 500, \$1.50; 1000, \$2.50.

NOTE.—In this class of work we use four shades of coloring for Tint Grounds, viz: Green, Blue, Pink and Slate colors. Our aim is to assort them, but as this cannot always be done, we do not undertake to furnish any particular tint exclusively, or to give the same shade of tint a second time.

*McNeil Bros., San Jose, Cal.*

UNLESS OTHERWISE ORDERED, ALL LABELS FURNISHED GUMMED AND CUT, READY FOR USE.

## Liquor Labels.

125

No. 4498. Kept in Stock, as follows: 50, 40c; 100, 70c; 200, \$1.15; 500, \$2.25; 1000, \$4.00.  
We do not furnish these Labels in small quantities to a name at the wholesale rate. In other words, where but 50 or 100 labels to a name are wanted, each lot will cost 40c and 70c.

On above pattern, the names of all Whiskies and Brandies kept in Stock.

No. 4499—250, \$1.25; 500, \$1.75; 1000, \$2.50. We do not print less than 250 to a name.

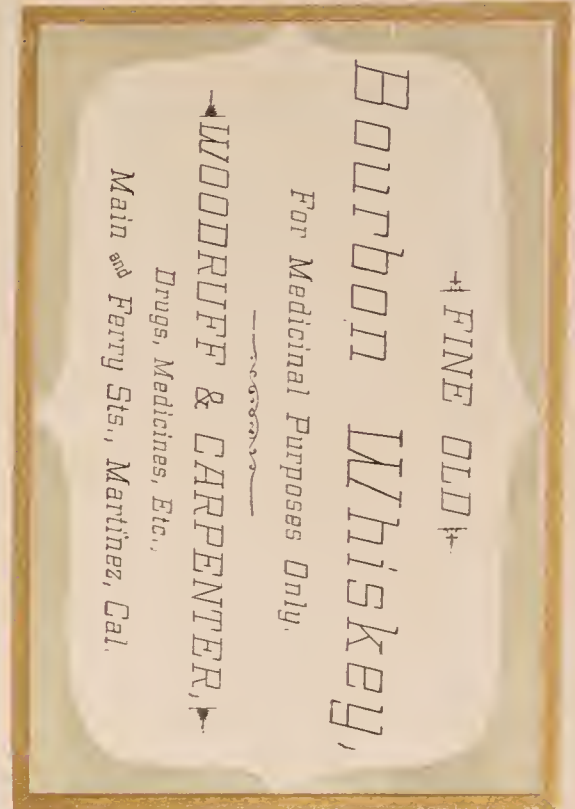

No. 4500—250, \$1.25; 500, \$1.75; 1000, \$2.50. We do not print less than 250 to a name.

The names of any Wines or Liquors will be inserted, in any of the above Labels, without extra charge.

NOTE.—In this class of work we use four shades of coloring for Tint Grounds, viz: Slate, Pink, Blue and Green colors. Our aim is to assort them, but as this cannot always be done, we do not undertake to furnish any particular tint exclusively, or to give the same shade of tint a second time.

All of the Prescription Blanks shown on this page are printed on fine white writing paper, unless specially ordered on colored stock. For corresponding quality and weight of colored papers, same price as white. Special fancy stock, prices given on application.

Any Prescription Blank shown in Black Ink can be printed in Red, in Green, or in Brown Ink, for 20 per cent added to the price for Black Ink. In ordering Prescription Blanks, DO NOT cut up this Book, but give No. of Pattern, and write out any changes desired.

When Cash accompanies the order, WE pay Transportation charges on goods. If the Cash does not accompany the order, we ship goods by the cheapest route, but at the expense of the party ordering them.

*For Prices for Binding Prescription Blanks, see preceding or following page.*

All of the Prescription Blanks shown on this page are printed on fine white writing paper, unless specially ordered on colored stock. For corresponding quality and weight of colored papers, (any one color or assorted colors, as desired), same price as white paper. For special fancy stock, prices will be given on application.

Do Not Cut or Mutilate this Specimen Book, but order by No. of the Pattern.

## PRIGES FOR BINDING Prescription Blanks.

The prices here given are for loose Prescription Blanks. We bind them in various styles and at prices as follows:

**IN TABLETS**, (or Pads), of 100 each, neatly finished with ornamental paper and colored edges—1000 or less, at 5 cts per Tablet; 2000, at 4½ cts per Tablet; 3000 and over, at 4 cts per Tablet. If bound 50 Blanks each, same price per Tablet.

**IN BOOKS**, perforated on end for tearing off, with good substantial covers and colored edges—any number of Books under 30, 8 cts each. Over 30 Books, 7 cts each. For "Acme" Prescription Case, with backs cut ready for pocket, 7 cts each.

We also bind in Book form with tough, flexible covers, at 10 cts each. This is a very convenient form for pocket use.

**IMITATION MOROCCO** Covers, 12 cts per Book extra. This is a handsome, strong binding, for office or desk.

**FULL MOROCCO** Covers, with loops for pencils, 50 cts each. The name of any physician can be stamped in gold upon the side of this Cover, at an extra cost of 15 cts for each name.

A Physician's name can be inserted on any Prescription Blank without extra charge; but if more than one name is ordered, an additional charge of 20 Cents will be made for each name.

When specially ordered, Stubs are furnished to all Prescription Blanks, at the rate of 50 cts extra for the first 1000, and 25c for each additional 1000.

No. 4557. COMB AND BRUSH ENVELOPE. (SIZE, 8½x2 INCHES—ASSORTED COLORS) 250, \$2.00; 500, \$2.75; 1000, \$4.00.

Always on hand a full assortment of fine

Hair Brushes,  
Tooth Brushes,  
Infants' Brushes,  
Nail Brushes,  
COMBS, SPONGES,  
Perfumery,  
And a select line of

## ➤ BUSINESS ENVELOPES. ➤

WE carry a complete line of Business Envelopes in stock, of various colors, sizes and weights, and only of the well-known "Government Safety" brand. The advantage possessed by this Envelope is that the back (under the flap) comes up high, thereby greatly increasing the gummed surface, and at the same time preventing the contents of the Envelope from adhering thereto, as is so frequently the case with the old style ones. The prices given include printing and transportation, (when cash accompanies the order.) Otherwise the goods are sent at the expense of the party ordering:

No. 5, XX	500, \$2.25;	1000, \$3.75
No. 5, XXX	500, 2.50;	1000, 4.00
No. 6, XX	500, 2.75;	1000, 4.25

In the limited space here offered, but few samples of each kind of work can be shown, and therefore but an imperfect idea of this branch of our business can be gained. Our facilities, however, are equal to any house on the Pacific Coast, and the reputation we have gained for first-class Printing will be studiously maintained. Although we show but one color of ink in this work, any class of Printing can be furnished in two colors, (Lake and Black, or Lake and Green), at an advance of 50 per cent over the cost of Black. It frequently happens that the customer is partial to a particular form or style of type, such as Light, Heavy, Gothic, Shaded, Text, Script, etc., and wishes an arrangement different from anything here shown. Where such preferences are stated, we endeavor as far as possible to be guided thereby. When Cash accompanies the order, we pay transportation on goods.

Sacramento, Cal. 188

NOTE.—All the Stock above quoted is strictly first-class, we use no other,—our experience proving to us that the cheap, flimsy stuff so frequently advertised, at impossible prices for good material, is dear at any price, and nearly always unsatisfactory to the consumer. The three kinds of Stock named have proven the most popular papers we carry, and their "points" are as follows: The "Thistle" brand has a good body, smooth surface, and is superior for copying purposes. The "Cream Laid" brand is of a beautiful light cream tint, is preferred by many on account of the surface being a little less smooth than the "Thistle," and is a favorite stock where tried. The "Linen" brand is light, tough, copies well, and with a somewhat rough surface is especially suitable for "stub" pens, and for those writers who prefer their paper a little less smooth than ordinary letter sheets. We also carry several other lines of Letter Head stock, and will be pleased to quote prices on application. Where preferences are stated for any particular style of type, we endeavor to please; otherwise we use our own taste. Any Letter Head shown in Black Ink can be printed in Lake, Green or Brown Ink, for 10 per cent extra, or in two colors, (Lake and Black or Lake and Green), at 50 per cent extra to the price given for Black Ink.

For Styles and Prices of Binding Letter Heads, see inside of last page of Cover.

CAUTION.—This Poison being deadly in its nature, care should be taken not to leave it within reach of children, or where there is danger of its being given poultry for food.

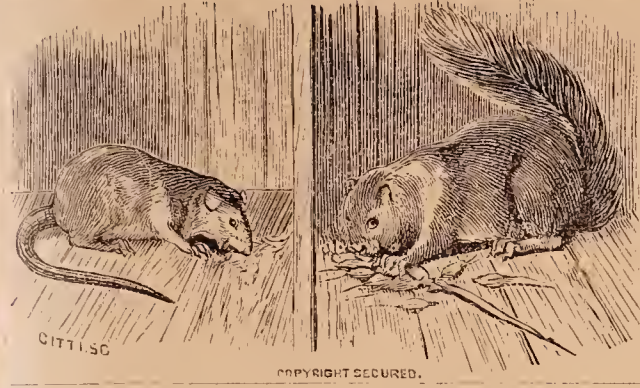

The within preparation for the destruction of Squirrels, Gophers, Rats, Mice, Crows, and other ranch and orchard pests, is the result of years of protracted study and experiment, and is believed to be equal to any in the market. It is guaranteed to stand any climate, is always ready for use, and is warranted the most destructive as well as the cheapest preparation known. It is attractive to animals, and agreeable to their taste, but destructive to man or beast if swallowed.

The best and cheapest Remedy yet discovered for the destruction of these orchard and ranch pests.

MANUFACTURED BY

**WEILL & WALKER,**  
Dealers in Drugs, Medicines and Toilet Articles,  
**LOS ALAMOS, SANTA BARBARA CO., CAL.**

### DIRECTIONS FOR USE.

**FOR SQUIRRELS.**—Early in the morning, throw down at the mouth of the squirrels' holes a quarter of a teaspoonful of the poisoned grain, and in twenty-four hours go around and fill up all the holes. In a day or two after go around and see if any of the holes are opened, which will sometimes be the case, especially if there is more than one in the hole, as the first will devour the grain. In that case, it will be necessary to put out more. Three applications will generally kill them all—the first will kill most of them. Rainy and windy weather is unfavorable for the business.

**FOR GOPHERS.**—Whenever you see fresh dirt thrown up by them, dig down to the main runway, which will be from six to twelve inches, and clean out the hole with your hand. Then pour a teaspoonful or more into the hole, put a loose clod over it, and cover with loose dirt, being careful not to let it fall into the hole, as it might cover the wheat. Their runways are large, and extensively traveled, and if as much as an ounce be placed therein it will doubtless kill hundreds.

**FOR RATS, MICE, CROWS, ETC.**—Scatter small quantities in places where they most do frequent

# THE CITY OF SAN JOSE.

THE brief sketch of the City of San Jose which we published in our last Specimen Book was productive of so much good in inviting inquiries, and in making known our many advantages as a commercial, as well as a suburban, educational and sanitary point, that we again briefly refer thereto, as a patriotic privilege we enjoy of gratuitously advertising the city in which we have the honor to reside:

Located fifty miles south of San Francisco, and connected therewith by three lines of railroad, one of which has a direct overland connection with the East, San Jose is eight miles from the Bay of San Francisco, and is situated in the centre of Santa Clara Valley,—noted throughout the Pacific Coast as being one of the most fertile valleys and chief fruit growing sections of the State. Its population of 20,000 entitles it to rank as the fourth city in California, while in many respects it is in reality the second. San Jose was founded in 1777 as a Catholic Mission, but remained principally a religious settlement until 1847, when, with a greater population induced on account of the Mexican war, the town was formally laid out, and its present history may be said to have begun. Upon the adoption of the California Constitution, in 1849, San Jose was chosen as its Capital, where the first Legislature that ever sat in the State convened December 15, 1849. At that time the leading industry of California was gold and silver mining. Although geographically more centrally located, San Jose did not possess the mining influence that was brought to bear upon the Capital question, and in 1852 the State Capital was removed to Vallejo, and still later to Sacramento, where it still remains.

On account of its many expensive public and private buildings, its business blocks, streets, drives, finely laid out grounds and parks, its churches, theatres and public halls, and especially its State, County and City Institutions of learning, and their kindred branches, San Jose is locally known as not only the Garden City but the Athens of the Pacific Coast. Its present State Normal School, (the first building was destroyed by fire in 1880), is a large and imposing brick structure with stone facings, erected at a cost of over \$200,000. Its County Court House and Jail (costing \$260,000) are the finest buildings of the kind on the Coast outside of San Francisco. At the present time San Jose has nine public schools, including a high school for advanced pupils. Its corps of teachers numbers fifty. The value of public school property, including libraries and apparatus, is \$225,000. To these public school facilities should be added the celebrated College of Notre Dame, under the control of the Sisters of Notre Dame, an extensive institution of learning for young ladies. This college is incorporated under the laws of the State, and ranks high among the educational institutions of the Pacific Coast. Occupying with its adjacent grounds, two blocks square, the property valuation of the College of Notre Dame is estimated at \$300,000. Besides all these founts of learning, San Jose has one excellent Business College, two Female Institutes, several private institutions of learning, and the usual quota of auxiliary schools for instruction in music, fine arts, society graces, etc. The University of the Pacific, (a Methodist institution), and the famous Santa Clara College, (Catholic), are located two and three miles distant respectively. San Jose has twelve churches, two theatres, several public halls, a free public library, also a free reading room conducted by the Y. M. C. A., four daily newspapers, a paid fire department, several lines of street railroads, incorporated swimming baths, extensive telegraphic and telephonic facilities, and a system of sewerage second to no city on the Coast. San Jose can also boast of being the first city on the Pacific Coast to adopt electric lights for public illumination, the city being lighted by means of five electric plants, four of them from masts, each 150 feet in height, the fifth being a powerful cluster located at a height of 200 feet, upon a specially erected iron tower, which radiates from the four corners of the principal streets to a central point six feet across at the top. This tower presents a most striking effect to the stranger, and the writer has clearly beheld the lights thereon at a distance of nine miles.

First in importance among the industrial and mercantile institutions of San Jose should be mentioned the three Fruit Packing Companies, all of which are extensive and employ from 200 to 500 hands each during the busy

season. We have also an extensive Woolen Mill, with a capital of \$200,000, a Silk Factory, running ten looms, two heavy Lumber and Planing Mills, three Foundries, one Pottery, and two each Glove, Grist and Box Factories, all extensive institutions. The industry of McNEIL BROS., Druggists' Printers, must speak for itself. Suffice to here say that their business has developed beyond even their expectations, and that with a total floorage of 6000 square feet, their own steam power, book-bindery, and the latest and most improved machinery, types, borders, and typographical appliances to be had, their present facilities are the equal of any house in the country, and their work is excelled by none. San Jose has three public Banks and a private one, with a combined capital of \$2,000,000, a Gas and a Water Company, several fine Hotels, the usual complement of business houses, professional residents, etc.

From a recently published pamphlet we extract the following items of interest, regarding our county: The County of Santa Clara is 52 miles in length, and has an average width of 34 miles. It contains an area of 1759 square miles, or 1,126,760 acres, of which a little more than one-half is valley, and the remainder grassy hills or timbered mountains. While there exists a wide variety of soil, and some locations are especially favored for tropical or semi-tropical fruits, there can scarcely be said to be any "best" land or choice location. It is all best, the requirements, to the highest degree of perfection, for different varieties of fruit and vines being as diverse as the soils. While it is true that much of our land has been and is still devoted to the cultivation of the cereals, fruit growing is fast becoming the leading agricultural pursuit, and there is not an acre of valley or hill land, and scarcely one of the mountain sides, upon which many varieties of fruit or vine may not be profitably grown. The profits are immense. Four hundred dollars per acre from an orchard or vineyard of matured trees or vines is not an infrequent yield. The local fruit canneries and dryers have never been able to supply the demand made upon them. Their market is the world, and there is not the slightest prospect of over-production. Should prices for fruit diminish to one-half of what they have been since the canneries were established, five acres of land would still maintain an ordinary family in comfort, and ten acres keep them in affluence. The valley is capable of supporting an immense population on its land alone. It is now being rapidly divided up into small holdings, while orchards and vineyards are being multiplied so rapidly that nurseries have thus far been unable to supply the demand. The present population of the county is about 40,000, and the assessed valuation is in round numbers, \$30,000,000.

San Jose is the county seat of Santa Clara County, and covers an area of about two miles square. It has more than forty miles of level and graded streets, its principal one, Santa Clara Street, ending in the famous "Alameda," which connects San Jose with the town of Santa Clara, 3½ miles distant. The situation of the city between two streams, the Guadalupe and the Coyote Creeks, provides unexcelled facilities for natural drainage. Within the past year a main sewer of the most substantial character has been constructed, at a cost of over \$100,000. Its terminus is the tide water at the Bay, which is 80 feet below the level of San Jose. More than two miles of this sewer is made of substantial masonry, oval shaped, and its dimensions are 3 x 4½ feet. It will endure for ages, and will be ample when the city shall have increased a hundred fold. The city is entirely free from debt, of any character, and the charter provides that no expense shall be incurred unless there is money in the treasury to meet it. The assessed valuation of city property for the current year is \$10,000,000. The rate of taxation for all purposes is limited by the charter to \$1.00 on the \$100.

With a climate scarcely excelled on the globe—the temperature rarely varying thirty degrees from 60° Fahrenheit—San Jose is peculiarly blessed from a sanitary point of view, it being constantly resorted to by invalids from all sections of the country. Its distance from San Francisco, together with its accessibility by rail to all parts of the State, render it preeminently a suburban and educational center. Although not dependent upon the farming community, to the extent that many cities are, for its support, a thickly settled country is of great benefit to it, and this, added to the extreme fertility of the soil, and the extent to which it is cultivated, brings the cost of living in San Jose so reasonable as to compare most favorably with that of any city on the Pacific Coast.

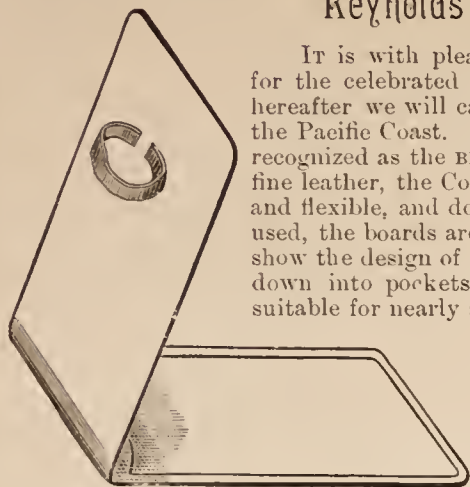

*Respectfully Yours,*

**MCNEIL BROS.**

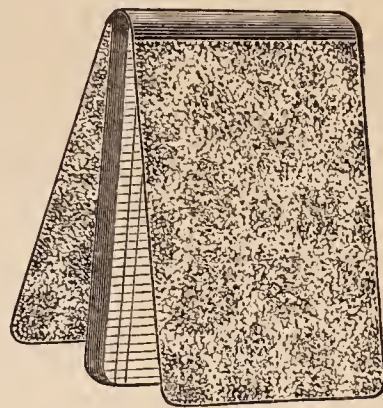

# Prescription Cases and Powder Papers.

## Reynolds & Reynolds' Flexible Prescription Book Covers.

It is with pleasure we announce to our customers that we have secured the Coast agency for the celebrated *Reynolds & Reynolds' Patent Flexible Prescription Book Covers*, and that hereafter we will carry a complete stock of these goods, as the exclusively authorized agents on the Pacific Coast. These Covers have long had an extensive sale in the Eastern States, and are recognized as the BEST, and only removable Cover of the kind, in the market. Being bound in fine leather, the Covers wear for years and still look well. They are handsome, smooth, strong and flexible, and do not get out of shape or look ragged. As fast as the leaves of one book are used, the boards are removed and a new book is inserted in the Cover. The accompanying cuts show the design of the Cover, also of the book inside. The press-board backs of the book slides down into pockets, thereby securing the same in the Cover. We carry four sizes in stock, suitable for nearly all shapes of Prescription Blanks, and at the following very low prices:

NUMBER OF CASES.	No. 1. 3 1/4 x 6 3/4 in.	No. 2. 3 1/4 x 5 1/4 in.	No. 2 1/2. 3 1/2 x 5 3/4 in.	No. 3. 3 3/8 x 6 3/4 in.
One Case .....	\$ .55	\$ .50	\$ .55	\$ .60
Three Cases .....	1.60	1.40	1.60	1.75
Six Cases .....	3.00	2.60	3.00	3.25
Twelve Cases .....	5.50	5.00	5.50	6.00

Prescription or Memorandum Book  
READY FOR COVER.

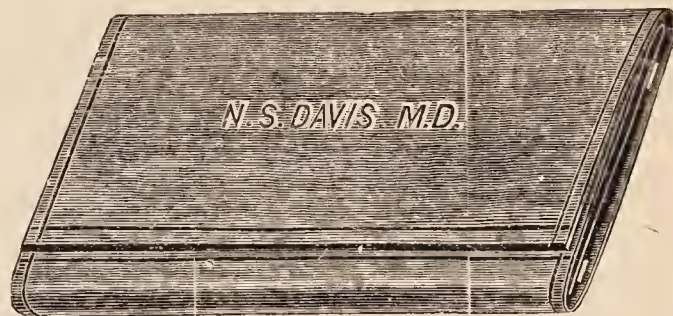

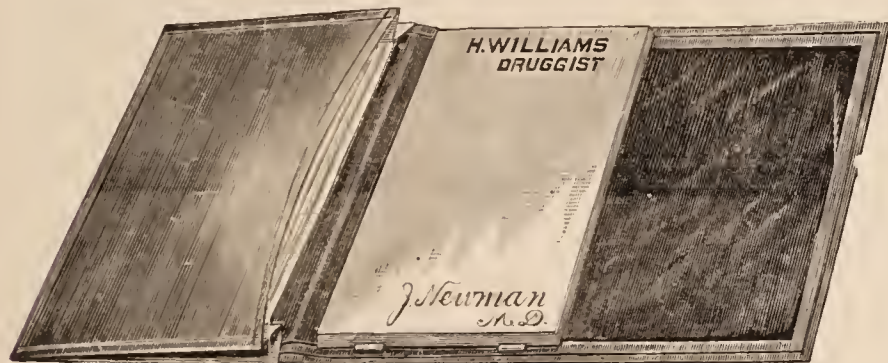

These prices are for the plain Covers, *without* bands. We also furnish the Covers with heavy silk elastic bands, at an extra charge of 10 Cents for each Cover, or \$1.00 per dozen. We recommend bands as more convenient for use, but if bands are wanted, *it should be so stated in the order.*

Physicians' Names can be lettered in gold upon the sides of these Cases at an extra expense of 15 cents for each name.

Prices for binding Prescription Blanks for the Flexible Cover, 7 cents for each Book, of 50 or 100 sheets each, as may be desired.

## Wilson's Patent "Climax" Prescription Case.

BELOW will be found cuts of this popular Prescription Case, the one upon the left hand side giving a view of the Case when open, with Tablet in place, and the one upon the right hand side the Case closed, with Tablet inside, and Physician's name stamped thereon.

In this Case the Tablet is held in position by two upper pointed hooks being inserted in the top, and by two movable hooks being pushed up from the bottom, which overlay the pasteboard at the bottom and hold the Tablet securely in its place.

The great advantage possessed by this Case is that it is applicable to the ordinary Tablets or Pads in which we put up so many of our Blanks, and the saving in cost of binding between the Tablets and the commonest kind of binding in Books, will soon make up for the cost of the Case.

PRICE OF CASE, FULL RUSSIA LEATHER, - - - ONE DOLLAR.

With Physician's Name printed on outside in Gilt, 15 Cents extra.

## Pocket Book and Physician's Prescription Case Combined.

(PHILADELPHIA PATTERN.)

In response to frequent calls for a Prescription Case with pockets, for carrying loose Blanks, Memorandums, etc., we will hereafter carry in stock the well-known PHILADELPHIA Prescription Case, to fill this long felt want. For quality and price this Case is unexcelled by anything of the kind made in the United States. The Cases are made of fine red leather, in imitation of the genuine Red Russia, are manufactured in a strong and durable manner and will last for years. They contain two pockets, one of which will be found sufficient to carry a supply of Blanks, while the other may be used for professional cards, checks, notes, etc. The cost of the Case is saved in the first one thousand Prescription Blanks ordered, as the expense of tabling or binding is not incurred. Size, 3 3/4 x 6 1/2 inches, and suitable for any ordinary size Prescription Blank. Any firm receiving one, *not lettered*, can return it if not fully satisfactory. Prices as follows:

One Case .....	40c.
Three Cases .....	\$1.00
Six Cases .....	1.90
Twelve Cases .....	3.75

Physicians' Names can also be stamped upon this Case in gold letters when desired at an extra cost of 15 cents for each name, or where the name and address are both inserted, 25 cents each. Names sent for this purpose should be *very* plainly written, or, what would be far better, PEN-PRINTED.

## POWDER PAPERS.

Our Powder Papers are made from a superior quality of paper, and are put up in uniform packages of 1000 each. The following sizes are found to be most desirable for ordinary use, though any special size can be made to order, at prices proportionate to those here given:

STYLE.	SIZE.	PER 1000.	STYLE.	SIZE.	PER 1000.
A	1 7/8 x 3	20 Cents.	H	3 x 4 3/4	50 Cents.
B	2 1/2 x 3 1/4	30 Cents.	I	4 1/2 x 3 3/8	55 Cents.
C	2 3/4 x 3 3/4	35 Cents.	J	3 3/8 x 5 1/8	60 Cents.
D	3 1/4 x 3 3/4	40 Cents.	*K	4 x 4 3/4	60 Cents.
E	3 1/2 x 3 3/4	50 Cents.	*L	4 1/2 x 5 3/4	65 Cents.
F	2 1/2 x 4 1/2	40 Cents.	*M	5 1/2 x 5 3/4	75 Cents.
G	2 3/4 x 4 3/4	50 Cents.	*N	4 3/4 x 6	75 Cents.

\*Styles K, L, M and N will be furnished in Blue Paper, for wrapping Epsom Salts, Seidlitz Powders, etc., at the same price, when desired. If Blue Paper is wished, it must be invariably so ordered; otherwise white will be furnished in every instance. Please remember, the above prices do not include transportation, the freight on the small sizes (A to G) being 5 cents per 1000, and on the larger sizes (H to N) 10 cents per 1000 extra.

## PRICES FOR BINDING LETTER-PRESS WORK.

The usual method of binding letter-press work is in Tablet form, heads only glued, with pasteboard back, neatly covered with ornamental paper, and corners rounded when desired. Prices as follows: NOTE AND MEMORANDUM HEADS, STATEMENTS AND RECEIPTS—Per Tablet of 100 each, 6 Cents. LETTER HEADS—7 Cents per Tablet. BILL HEADS—Sixes, 6 Cents; Fours, 7 Cents; Twos, 8 Cents; Assorted Sizes, 7 Cents.

**READ CAREFULLY BEFORE ORDERING.**

**Do not Cut or Mutilate the Specimen Book, but order by NUMBER of the Pattern.** Always enclose your PRINTED ADDRESS if possible; if this can not be done, write it plainly in distinct Capital Letters, or "pen print" it. Class Labels of the same pattern together as nearly as possible. Write the Style of Occupation that you want, as, "Druggist and Apothecary," "Pharmacist," "Dispensing Chemist," etc., on the blank line after the word Occupation. Attention to these instructions will often save correspondence and delay.
