DAN X. SOLO

SANS SERIF DISPLAY ALPHABETS

100 COMPLETE FONTS

Any artist, typographer or designer looking for straightforward, contemporary and dramatic fonts will probably find them in this collection of 100 complete fonts, sans serif. Almost all of the fonts are in both upper and lower case characters and many also include a complete set of numbers, punctuation and a decorative flourish.

Selected by Dan X. Solo from the Solotype Typographers Catalog are a huge variety of sans serif alphabets:

Bold	Medium	Circular
Light	Thin	Modular
Shaded Weights	Italic	Bauhaus
Monotone Weights	Gothic	
Fat	Condensed	

There are also a few with rudimentary serifs such as Inverserif and Serif Gothic. Close to 50 different families are displayed, with the fonts arranged alphabetically by title. While traditional faces and popular faces and those associated with the Bauhaus movement are represented, many have been created in the last ten years for photo-composition.

Whether for posters, menus, signs, book designs and title pages, packaging and advertising, initials, logos or any other graphic project calling for a contemporary, dramatic face, this collection provides dozens of useful type styles difficult to find in usual sources.

Original (1979) Dover publication. 100 plates. 100pp. 8½ x 11.

A DOVER EDITION DESIGNED FOR YEARS OF USE!

We have made every effort to make this the best book possible. Our paper is opaque, with minimum show-through; it will not discolor or become brittle with age. Pages are sewn in signatures, in the method traditionally used for the best books, and will not drop out, as often happens with paperbacks held together with glue. Books open flat for easy reference. The binding will not crack or split. This is a permanent book.
