Story あらすじ

The Straw Hat crew came back together in the Sabaody Archipelago after 2 years of training. Passing through Fishman Island, they have arrived in the final sea, the “New World”!!

Landing on the island of Punk Hazard, which was controlled by Caesar, they unexpectedly ran into Law, and agreed to his plan to form a “pirate alliance” to take down one of the Yonkou.

First, in order to draw out Doflamingo, who is distributing man-made Devil Fruits to the Yonkou, they sought to capture Caesar, who was making the Devil Fruits. Meeting resistance from Caesar, they fought a hard battle, but succeeded in capturing him alive. Doflamingo then agreed to their condition that he resign from his position as one of the Shichibukai in exchange for Caesar's return. After Doflamingo followed through on his promise, Law contacted him to arrange handing Caesar over on the small island north of Dressrosa, and they set sail for Dressrosa. Yet somehow, the waiting Doflamingo has Ace's Devil Fruit in his clutches...

R: Odacchi, I found him!!!!

It was easier than I thought.

It's him, I say, him! Candre!!

That's got to be him in volume 57, page 108, in panel 3, second from the left!! If it's not, then your head's messed up Odacchi. Right? It ahs to be him!!!!

P.N. Taegevechiikei

O: Yeah, he was there. That's the Candre I told anyone who was bored to find in the last volume. That's him.

R: Hello! Regarding the twin brothers Andre and Candre that you mentioned in the Volume 70 SBS, those names come from the stage name Inoue Yousui used around the time of his debut, 40 years ago, right? He had an afro at the time, too.

P.N. Guitar Kid

O: Yes. That's it. I got the names from him, but the truth is that I know absolutely nothing about Andre Candre. I only know the name from television and such. You, Pen-name: Guitar kid in the past, must know him because you're 56 years old. While we're on the subject, I named him Andre because I thought he looked like the old pro-wrestler Andre the Giant. I just use whatever I feel like (haha).

R: In chapter 700...oops! Good evening Odacchi!
In chapter 700 when Luffy and everyone are on their voyages to Dressrosaroba, the waves look like bunnies, but what does Law like other than Onigiri?

P.N. Hasumomo*

O: Yeah, uhhhhh...Grilled Fish!! Ok, let's move on.

*TN: probably meant to be "lotus-peach", but unsure with the lack of clarifying kanji

R: I have a question. Robin always says scary stuff in front of everyone. But, in her imagination she thinks about cheerful and fun things like cats and "Dressroba" Why doesn't she tell everyone about those daydreams to make them laugh? I like that part of Robin.

P.N. Y.O

TN: Dressroba was a pun on the name of Dressrosa that means "old woman in a dress".

R: I see, that's true. From how she told Franky to never make strange faces in Chopper's body when they were on Punk Hazard, I think she probably likes cute things. But she's a bit awkward, so if she tried to put those thoughts into pictures or words, they would come out appalling or revolting. Robin's just that kind of woman.

R: This is out of nowhere, but who can use Haki in the Straw Hat Crew? I'm so preoccupied that I can't use my Love Hurricane.

P.N. Kakuharu

O: These three can use Haki. The variety they're best at is in the parenthesis.

R: In Chapter 701, Law says the map he showed was drawn by one of his crew!! The crew member who drew it must surely have been Bepo!!? I mean, the "hand" print in the bottom was vague, but it's there, right?

P.N. Takaaki T.

O: It's there. Of course it would be. After all, Bepo is the Heart Pirate's navigator. He drew it.

R: Odacchi! In chapter 700 of volume 70 there are 3 onigiri that Sanji made for the bread-hating Law. What are their fillings?

P.N. Natsuki

O: Well, umm, the first is "Sea Chicken" and mayonnaise, then okaka, and finally umeboshi (the really sour kind!) By the way Law absolutely hates umeboshi. He had a fight with Sanji a few minutes later.

TN: "Sea Chicken" is a brand of canned sea food.

R: What's the name of Law's sword!?
How many tattos does Law have!?

Odacchi... Draw all of Law-san's tattos for me!!!! ($\geq \square \leq$)

O: All right, I got it—.

Here, these are from my creation notebook. →

His tattos seem fixated on hearts, but maybe there's some reason behind that?

His sword is named "Kikoku" (Demon's cry). It doesn't have a rank.

From

R: Can you make shaved ice out of Aokiji?

P.N. Bakainu*

O: Yes. Of course you can. He is ice, after all. But what would happen if you ate him!? He'd turn back into Aokiji inside your stomach, and it's possible that he'd take control over you.

*TN: means "stupid dog", but is likely intended as a pun on Akainu.

R: My dad loves Whitebeard, and he says, "How could drinking what you like be bad for you? Gurararara...." When he gets warned by mom after coming home drunk every night, but the next morning he has to get down on his knees and bow down to her. How can my dad become cooler?

P.N. Biro & Akke

O: Hmm, he was doing well for a bit, there. But the next morning is disgraceful, no matter how you look at it. How about this. How about your mother takes a page from Whitebeard and says "You're a stupid husband, but I'll love you anyway" and forgives him.

R: My cat often jumps onto my lap suddenly, and it's really cute. My dad (59) often suddenly puts his head into my mom's lap and wants her to clean his ears, and he get's shunned for it. What entices these two to use laps as pillows?

P.N. Nekorobin*

O: It's disgraceful that these questions at the expense of fathers keep coming. Well, using a lap as a pillow has its own sort of romanticism. It's the same reason a mountain climber sets his sights on a mountain. Or rather, it's not logical!!

*TN: the reader used kanji to make a name that means "lie downy", but is a pun on Nico Robin

PANT

HEY...!!

I'VE BEEN
FIGHTING AS A
GLADIATOR HERE
FOR A LONG TIME
NOW, BUT I'VE
NEVER SEEN A GUY
LIKE THAT!!

THAT GUY... HE
SEEMS PRETTY
STRONG, BUT
DO YOU KNOW
WHO HE IS.....?!

I HAVE A FEELING
I HAVE SEEN THIS
BEFORE... A LONG
TIME AGO... A
GLADIATOR WHO
FOUGHT LIKE THAT,
WITHOUT A SHIELD...

...ACTU-
ALLY, NOW
THAT YOU
MENTION
IT...

WHAT WAS
HIS NAME,
AGAIN...?

THAT
GLADIATOR
WITH THE
SKULL CAPE...

DID YOU
SEE THAT
JUST
NOW...?

HE'S
SERIOUSLY
STRONG,
BUT... I DON'T
REMEMBER
SEEING
HIM HERE
BEFORE.

WHY ISN'T
ANYONE
ATTACKING
HIM?!!

LOOK AT
THAT
GUY...!!

WHAT IS HE
DOING...?!!
DOES HE
WANT TO GET
KILLED?!

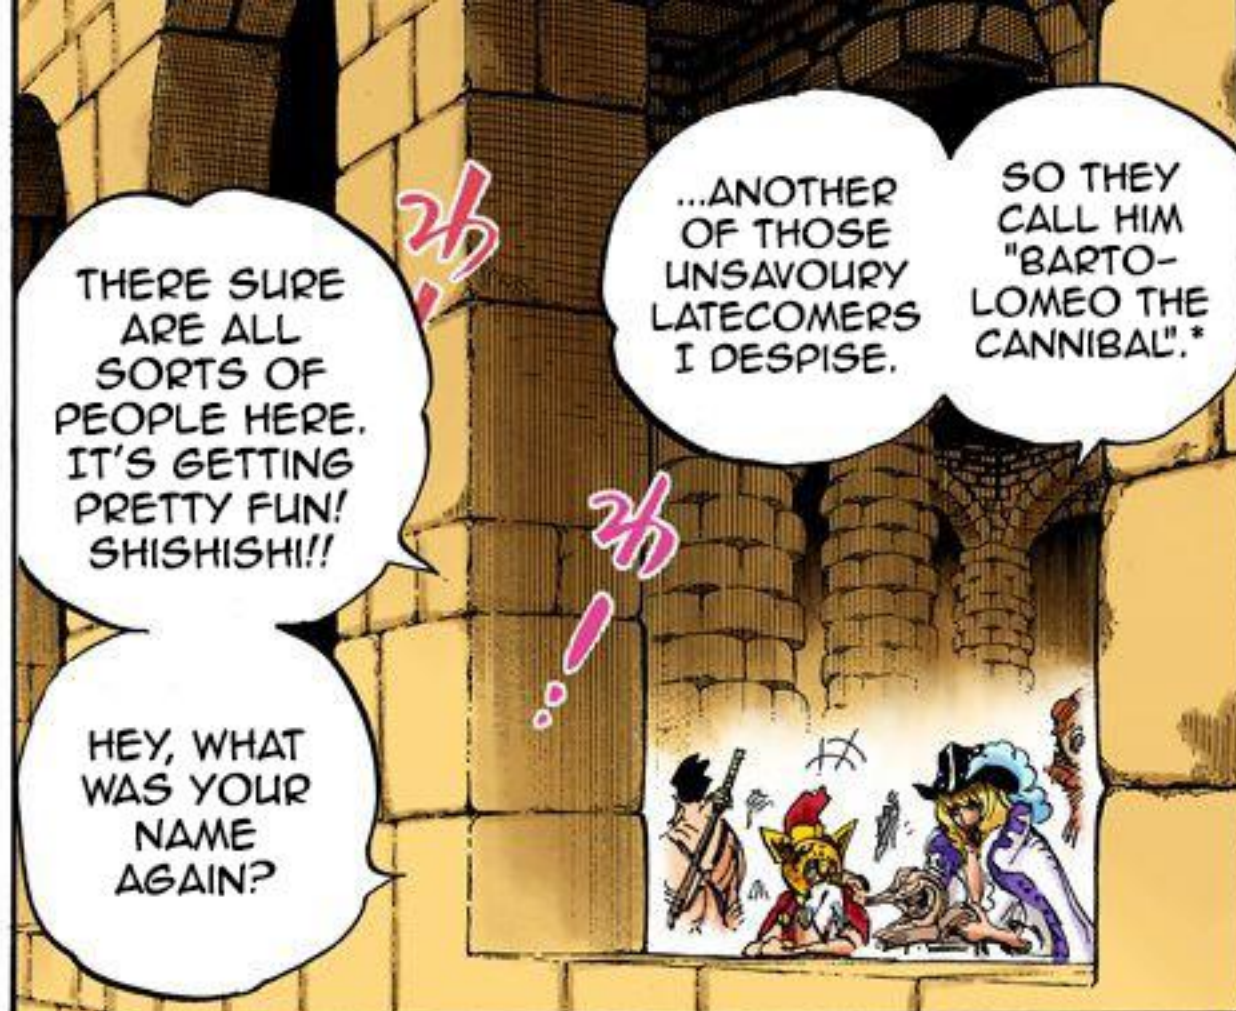

A GUY LIKE
THAT OUGHT
TO GET
DEFEATED
AND BE
DONE WITH
IT!!

HEHAHAH...

どーん!

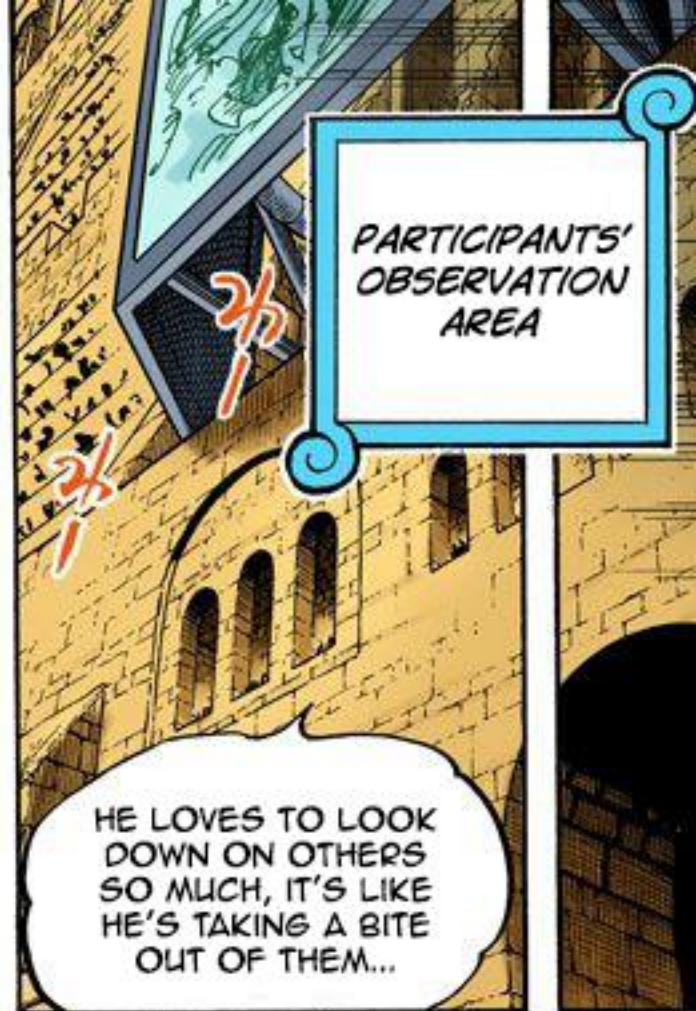

THERE SURE ARE ALL SORTS OF PEOPLE HERE. IT'S GETTING PRETTY FUN! SHISHISHI!!

...ANOTHER OF THOSE UNSAVOURY LATECOMERS I DESPISE.

SO THEY CALL HIM "BARTO-LOMEO THE CANNIBAL".*

HEY, WHAT WAS YOUR NAME AGAIN?

PARTICIPANTS' OBSERVATION AREA

HE LOVES TO LOOK DOWN ON OTHERS SO MUCH, IT'S LIKE HE'S TAKING A BITE OUT OF THEM...

TN: THERE'S A JAPANESE EXPRESSION "HITO WO KUTTA", LITERALLY "EATING OTHER PEOPLE", WHICH MEANS TO ACT ARROGANTLY. THAT'S WHERE THE "CANNIBAL" CONNECTION SEEMS TO COME FROM.

DO YOU REALLY NEED THOSE? YOU COULD JUST FORGIVE THEM.

I'LL HAVE TO GET SOME NEW COPIES SOON! THESE ARE SO COVERED IN KNIFE MARKS, I CAN BARELY SEE THE FACES!

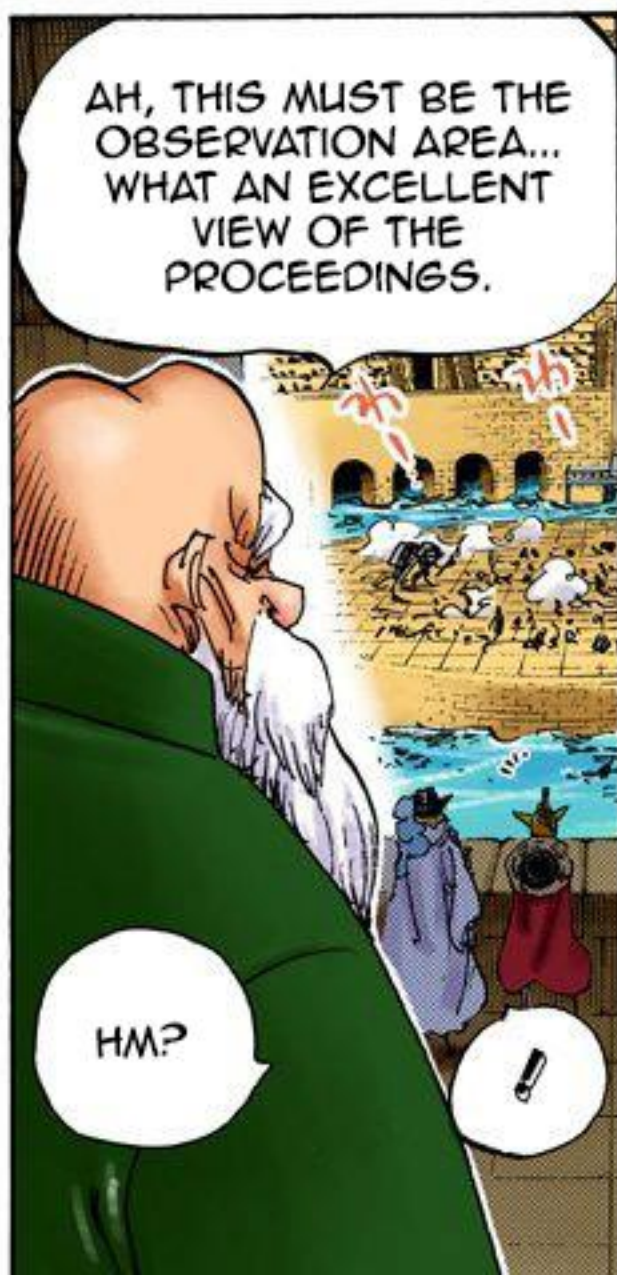

JUST CHECKING OVER MY WANTED POSTERS OF THE WORST GENERATION.

NO, I CAN'T DO THAT. I WILL KILL THEM.

WHAT ARE YOU DOING, CABBAGE?

IT'S CAVENDISH.

AH, THIS MUST BE THE OBSERVATION AREA... WHAT AN EXCELLENT VIEW OF THE PROCEEDINGS.

HM?

BUT OF COURSE, IT'S ENTIRELY POSSIBLE TO CONCEAL ONE'S FACE HERE - LIKE BURGESS JUST NOW.

IF ONE OF THEM IS HERE, IT MAY BE EASIER TO WAIT FOR THEM TO WIN A PLACE IN THE LATER ROUNDS.

I THOUGHT AT LEAST ONE OF THEM MIGHT SHOW UP...

IN A TOURNAMENT WITH A PRIZE OF THIS CALIBRE...

STRAW HAT
LUFFY-KUN.....!!

!!?

AHHHH... BY THE BY,
HOW IS GARP-SAN
DOING LATELY.....?

HUH?ARE
YOU A FRIEND
OF MY
GRANDDAD'S,
OLD GUY?

A LONG TIME AGO, I
WAS ALMOST KILLED
BY GARP-SAN, YOU
SEE.....

I DECIDED I
WOULD HOLD A
GRUDGE RIGHT
DOWN TO HIS
GRANDSON'S
GENERATION.

HUH?!!

AH!!!

EH?!!

R: Odacchi, did you eat toilet paper this morning?

Pen Name: Haribo Monet

O: What! There's toilet paper around my mouth?! Sorry about that.

R: I tried to think up of birthdays for Caesar and Monet!

Caesar is April 9th

Monet is August 27th

Are they a no-go? Could they possibly be no good?

Pen Name: Nakamura Ida

TN: The reader spelled out Shinokuni (shi = 4, ku = 9) and "harpy ni naru" (Become a Harpy) (ha = 8, ni = 2, na = 7)

O: They're good. (*nose pick*)

R: There was a freelance reporter named "Absa" mentioned in chapter 700. That was Absalom, right? Right? If you look hard there was a boat, too, right? Right? Other than that, what kind of ero... amazing articles, what kind of ero... moving articles, what kind of erotic articles might he be writing?

Pen Name: Makino♥Love

O: Yes, That's it. It's Absalom. How nostalgic. But, he was also at the Summit War. Doflamingo talked about how something mysterious happened to Moria. Why might that be? Perona is worried too. Could Moria have really died? All I can confirm now is that Absalom, under the name "Absa", is putting the powers of his suke suke no mi to good use in the media world, and becoming the man with the scoop. He could probably get some good photos. I hear his articles are really popular with the guys. Anyway, let's stop the pervy-SBS here!! Until the next volume!!

Oda Eiichiro

When something sells well, they call it a "Big Hit!" "A Mega Hit!!" "An Extra Large Hit!!!" "A Big Big Big Hiiiiiiiiitttt!!!!"

Recently, I've been thinking about just calling it a home run!!!!

Volume 71, Start!!

CRACK!!

TN: The "crack" sfx Oda uses here is specific to that of a baseball bat hitting the ball.
